

Why Pay More?

What are you getting for your money? Once you enter elite baseball, you have entered the business of baseball...you need to know what you are getting for your money and make sure it is worth it.

The ECPL is affordable, and provides an excellent ROI on your college investment. Keeping the programs in the \$500/month range is half of what other Elite League's teams offer for virtually the same or less services. ECPL programs offer 12-month training, an 8-month playing season, college recruiting programs, history of proven track records, high level coaching with past MLB players, and a website that promotes every player in the league to over 5,000 colleges every week.

We encourage you to be an educated consumer, to check out all available programs—OBA, PBLO and the ECPL

- Fall Ball
- Winter Training
- Florida Spring Training
- Spring & Summer Ball
- US Tourneys
- College Showcases
- Scholarships
- MLB Tryouts

Baseball Without Borders

The Eastern Canadian Premier League (ECPL) started in 2008, borne out of being excluded from the OBA and PBLO. Rather than gripe about what we did not have, we decided as a group to focus on what we do have:

- Ability to play anywhere, at anytime
- Organized, balanced 40+ game schedule
- Spirit of Co-Operation Mandate
- 14U, 16U & 18U Regular Season & Championships
- Inter-League play with the USA—WNYTL
- Cross Border Championships—Canada vs US
- All-Star Game vs. USA at 16U & 18U
- Tampa Bay Spring Training Facility
- Paramount Scouting Bureau Showcase
- Can-Am Classic Tournament & Showcase
- We accept individual teams & organizations
- League Executive & Structured Operations
- Voting Members & Democratic Voting System
- Website that promotes it teams, players and league to over 5,000 US Colleges each week
- Stats program with league leaders and Player-of-the-Week Awards
- Covering the GTA, South Western Ontario and the Niagara District

Promoting Ontario Baseball

The ECPL is fully committed to promoting the skills development of baseball to Ontario youth. Our member organizations and teams have solid coaching staffs, many with former pro & MLB experience. We have a former World Series Champion, Tampa Bay Rays, Toronto Blue Jays, Pittsburgh Pirates, & Philadelphia Phillies players on our coaching staffs. We have past NCAA, and NJCCA coaches in the league as well as MLB scouts. We know our stuff!! We pass it along to our playing members, we teach them the way to play at the next level.

We have the support needed to succeed

The ECPL has garnered support from very reputable corporate partners in order to aid in the promotion of the league, it's playing members and of course the partners that help support the league. Our partners

are featured on our league website, not just a logo—but we promote, reciprocate business and market their products & services directly to every member of our

league. We feel the league is a big family and we need to support everyone to the benefit of the whole. Our goal is promote Ontario baseball and to promote those that support it in kind. We are all part of the process; the journey for these players to chase a dream and achieve life goals that the entire ECPL—parents, coaches, umpires, executives, and corporate sponsors are all supporting 100%.

Promoting Our Players

The ECPL mandate to assist, showcase and develop players to get to the next level of baseball—professional or college level baseball—is clearly evident by all the events it hosts or co-sponsors in order to aid in the exposure of it's playing members. The ECPL hosts three separate college showcases throughout Canada and the USA. We work with MLB scouts and Team Canada to promote our league's top prospects for the National team or for the MLB Draft.

We host a college showcase every spring in Tampa Bay, FL at historic Al Lang Stadium, another during our All-Star Event each summer in Buffalo, NY and we host the largest College Showcase in Canada every year in Hamilton, ON where we routinely get over 50 college & pro scouts out each year.

All the ECPL Member organizations work with US Colleges & Universities, as well as MLB scouts to assist in getting ECPL players to the next level.

It has been said, "Membership has its privileges". The ECPL playing members can say that being a member of the ECPL has it's privileges, and ask yourself, what is my league doing for me? Is it a league that showcases my skills 12 months of the year? Do you play against the US in league play? Do you have a balanced schedule of 40+ regular season games? Do you have your own web page to promote yourself to college scouts? Does your league carry stats and send releases to colleges on your behalf? The ECPL does all this and more for it's members, so you can say, **Yes...apparently membership does have it's privileges.**
