The Clear Brook Football Booster Club would like to thank J & A Designs for all their hard work and long hours that they spent on laying out our 2009 Media Guide. This media guide would never have made it to press without their perseverance and attention to detail.

Anjelique Preston (the "A" in J & A Designs) was responsible for the general content and layout of the book. Anjelique truly exceeded the booster club's expectations and kept the project on schedule.

Juan Hernandez (the "J" in J & A Designs) was principally responsible for the ad layouts and ad content. The strong feedback that Juan received from his clients demonstrates that his creativity and graphical talent hit the mark.

Anjelique and Juan are both booster club members. They donated all their time and efforts for nothing other than their love of the players and the football program. Their efforts saved the club over \$1500 in layout fees and the quality of their work is exceptional. For these reasons, and for the quality of people who they are, the board would like to thank Anjelique and Juan for all the hard work and the time they spent on this project. The board hopes that they take pride in the final product and that all the fans also recognize their efforts.

Go Wolverines 2009!
