COACHES CORNER

Mike Campbell - Head Coach, Woodmen Football

Football—What does it teach?

What does football really teach? Is the importance of the drive block or form tackle? Is it the nuances of the veer? YES, but more importantly, it teaches the concepts of responsibility, accountability, teamwork. Where else can young men learn about perseverance? These are the lessons learned on the football field that will translate into life skills. It teaches athletes to get up when knocked down. It teaches players that hard work leads to success. It teaches young men mental as well as physical toughness.

We as football coaches take on a great responsibility to teach these skills to the young men of tomorrow. Keep working hard and great things will happen.

Be positive, Work hard, Get Better!

**Have a great Day!
Coach Campbell**
