THIS IS USA HOCKEY

THIS IS USA HOCKEY

USA Hockey, Inc., provides the foundation for the sport of ice hockey in America; helps young people become leaders, even Olympic heroes, and connects the game at every level while promoting a lifelong love of the sport.

USA Hockey's primary emphasis is on the support and development of grassroots hockey programs. In January 2009, the organization launched the American Development Model, which - for the first time ever - provides associations nationwide with a blueprint for optimal athlete development. Always a leader in safety, USA Hockey furthered the enhancement of those efforts by advancing the USA Hockey SafeSport Program in June 2012.

While youth hockey is a main focus, USA Hockey also has vibrant junior and adult hockey programs that provide opportunities for players of all ability levels. The organization also supports a growing disabled hockey program.

Beyond serving those who play the game at the amateur level, USA Hockey has certification programs for coaches and officials to ensure education standards are met that coincide with the level of play. In September 2011, USA Hockey became the first youth sports organization in the U.S. to offer its coaches online, age-specific coaching education modules. Furthermore, a large focus is put on parent education with equipment needs, rules of the game and parental roles in youth sports among common topics.

Members of the organization are entitled to many benefits, including a subscription to *USA Hockey Magazine*, the most widely circulated hockey publication in the world; excess accident, general liability and catastrophic insurance coverage; access to USAHockey.com; and opportunities to participate in USA Hockey National Championships, as well as player development camps.

As the National Governing Body for the sport of ice hockey in the United States, USA Hockey is the official representative to the United States Olympic Committee and the International Ice Hockey Federation. In this role, USA Hockey is responsible for organizing and training men's and women's teams for international tournaments, including the IIHF World Championships and the Olympic and Paralympic Winter Games. Closer to home, USA Hockey works closely with the National Hockey League and the National Collegiate Athletic Association on matters of mutual interest.

USA Hockey is divided into 12 geographical districts throughout the United States. Each district has a registrar to register teams; a referee-in-chief to register officials and organize clinics; a coach-in-chief to administer education programs for coaches; a risk manager to oversee liability and safety programs; and a skill development program administrator to facilitate learn-to-play programs for youth players and their parents.

USA HOCKEY SANCTION

USA Hockey, Inc., is recognized as the National Governing Body for the sport of ice hockey in the United States under the Ted Stevens Olympic and Amateur Sports Act Title 36, Chapter 17 § 391 United States Code.

The Amateur Sports Act requires any organization that wishes to conduct international amateur ice hockey competition in the United States or to sponsor U.S. athletes to compete in international amateur ice hockey competition outside the United States to obtain a sanction from USA Hockey.

In compliance with provisions of the Amateur Sports Act, USA Hockey will review every request to conduct or sponsor international amateur ice hockey competition and, if the requirements set forth in the Amateur Sports Act are met, USA Hockey will provide such sanction.

Players, teams and organizations are advised to contact USA Hockey well in advance if they plan to conduct, sponsor or participate in any international amateur ice hockey competition in order to ensure that proper consideration is given for sanctioning such events and/or competition. All such requests should be directed to the appropriate registrar, who will then forward the necessary application to the USA Hockey national office to the attention of the Assistant Executive Director for Hockey Operations.

USA HOCKEY CORE VALUES

The following core values of USA Hockey are adopted to guide the association's members in their planning, programming and play, both now and in the future.

Sportsmanship – Foremost of all values is to learn a sense of fair play. Be humble in victory, gracious in defeat. We will foster friendship with teammates and opponents alike.

Respect for the Individual – Treat all others as you expect to be treated.

Integrity – We seek to foster honesty and fair play beyond mere strict interpretation of the rules and regulations of the game.

Pursuit of Excellence at the Individual, Team and Organizational Levels – Each member of the organization, whether player, volunteer or staff, should seek to perform each aspect of the game to the highest level of his or her ability.

Enjoyment – It is important for the hockey experience to be fun, satisfying and rewarding for all participants.

Loyalty – We aspire to teach loyalty to the ideals and fellow members of the sport of hockey.

Teamwork – We value the strength of learning to work together. The use of teamwork is reinforced and rewarded by success in the hockey experience.

LONG RANGE PLANNING STATEMENT

USA Hockey Purpose Statement

- Ensuring that everyday will be a great day for hockey.

USA Hockey Mission

- The mission of USA Hockey is to promote a “fun and learning” environment for the growth of the sport and all its participants and enthusiasts by encouraging, educating, developing, and administering all aspects of the sport.

USA Hockey Long Range Goals (Focus Points)

1. Develop and expand initiatives that will improve the abilities of all participants ensuring lifelong enjoyment of the game.
2. Create programs, expand opportunities and develop resources which will strengthen positive adult leadership.
3. Focus to secure and renew existing members while developing and executing a strategy in an effort to increase membership and expand benefits.
4. Develop a high-quality plan which will address all interrelated aspects of peak performance giving USA Hockey every opportunity to achieve sustained international competitive excellence.
5. Continue to purposefully expand as well as strengthen alliances with all sport organizations directly associated with the sport of hockey and its disciplines.
6. Develop and implement strategies in an effort to generate new revenue resources.
7. Maintain USA Hockey's stature as a strong National Governing Body which is at the “cutting edge” in innovative educational and training opportunities through expanded use of new technologies.

STANDARD OF PLAY AND RULES EMPHASIS

Through the standard of rules enforcement, our game will continue to allow the opportunity for improved skill development and a more positive hockey environment for all participants. The mission of USA Hockey is clear; through this initiative a greater emphasis will be placed on skating, puck possession and the proper use of the body to establish position and legally gain a competitive advantage.

BODY CHECKING

The goal of the body checking enforcement standard is to create an environment that enhances player skill development by reducing intimidating infractions designed to punish the opponent. This standard is designed to improve the proper skill of legal body checking or contact at all levels of play and will not remove the physical component from the game. A hard body check or using body contact/position (non-checking classifications) to gain a competitive advantage over the opponent should not be penalized as long as it is performed within the rules. The focus of the body check should be to separate the opponent from the puck.

The principles of the body checking enforcement standard include the following:

- The purpose of a body check is to separate the opponent from the puck.
- Only the trunk (hips to shoulders) of the body shall be used to deliver a body check.
- The check must be delivered to the trunk (hips to shoulders) and directly from in front or the side of the opponent.
- Players who use their physical skills and/or anticipation and have a positional advantage shall not lose that advantage provided they use their body to check the opponent within the rules.
- Players will be held accountable for acts of an intimidating or dangerous nature.

Enforcement Standard – These penalties are to be called with very strict enforcement.

Body Checking (Non-Checking Classifications)

A player cannot deliver a body check to any player while participating in a non-checking classification. Examples include:

- Makes deliberate physical contact with an opponent with no effort to legally play the puck.
- Uses overt hip, shoulder or arm contact with the opponent to physically force them off the puck.
- Physically impedes the progress of the opponent with hips, shoulders or torso without establishing legal body contact and having no intent of playing the puck.

Boarding

A player cannot commit any infraction, including body checking, for the purpose of intimidation or punishment that causes their opponent to go violently or excessively into the boards. Examples include:

- Accelerating through the check to a player who is in a vulnerable position off of the boards that causes them to go violently into the boards.
- Driving an opponent excessively into the boards with no focus on or intent to play the puck.
- Any other infraction (tripping, cross-checking, charging etc.) that causes the opponent to go violently and excessively into the boards.

Charging

A player cannot take more than two fast strides or travel an excessive distance to accelerate through a body check for the purpose of punishing the opponent. Examples include:

- Running or jumping into the opponent to deliver a check.
- Accelerating through a check for the purpose of punishing the opponent.
- Skating a great distance for the purpose of delivering a check with excessive force.

Checking From Behind

A player cannot deliver a body check to an opponent directly from behind, or diagonally from behind. The onus is on the player delivering the check to not hit from behind. Examples include:

- Body checking or pushing an opponent from behind directly into the boards or goal frame or in open ice.

Head Contact

A player cannot contact an opponent in the head, face or neck, including with the stick or any part of the player's body or equipment. The onus is on the player delivering the check, regardless as to size differential, to not make contact in the head/neck area of the opponent. Examples include:

- A body check delivered with any part of the body that makes direct contact with the head or neck area.
- The use of the forearm or hands to deliver a check to the head or neck area of the opponent.

Roughing

A player cannot use the hands, stick or extension of the arms to body check an opponent or deliver an avoidable body check to a player who is not in possession and control of the puck. Examples include:

- Intentionally playing the body of an opponent who does not have possession and control of the puck.
- Delivering an avoidable check to a player who has already relinquished control of the puck by a pass or shot. This is oftentimes referred to as "finishing" the check.
- Any avoidable contact after the whistle shall be penalized strictly, including scrum situations around the goal or along the boards. Officials are instructed to assess an additional penalty to those players acting as the aggressor or who instigates any contact after the whistle.

Summary

All USA Hockey members must demonstrate awareness and support for the application, spirit and the respect of the rules in order for continued improvement in the game of hockey. At the same time, it is important to remember that:

- A player is entitled to use proper body position and body contact in all age classifications in order to gain a competitive advantage.
- Players are allowed to compete for body position using their strength and balance in front of the goal or along the boards.
- In classifications where body checking is allowed, the focus of the body check must be to separate the opponent from the puck.

RESTRAINING FOULS

The goal of the restraining fouls enforcement standard is to reduce restraining infractions in the game and not to remove legal body checking or body contact. A hard body check or using body contact/position (non-checking classifications) to gain a competitive advantage over the opponent should not be penalized as long as it is performed within the rules.

The principles of the continued enforcement standard include the following:

- The use of the stick will be limited to only playing the puck.
- The stick will not be allowed to in any way impede a player's progress.
- The use of a free hand/arm will not be allowed to grab or impede a player's progress.
- Players who use their physical skills and/or anticipation and have a positional advantage shall not lose that advantage as a result of illegal acts by the opponent.

- Players will be held accountable for acts of an intimidating or dangerous nature.

Enforcement Standard – These penalties are to be called with very strict enforcement.

Hooking

A player cannot use his/her stick against an opponent's body (puck carrier or non-puck carrier) to gain a positional advantage. Examples include:

- Tugs or pulls on the body, arms or hands of the opponent which allows for the space between the players to diminish.
- Placing the stick in front of the opponent's body and locking on – impeding the opponent's progress or causing a loss of balance.
- Stick on the hand/arm that takes away the ability for the opponent to pass or shoot the puck with a normal amount of force.

Tripping

A player cannot use his/her stick on the legs or feet of an opponent in a manner that would cause a loss of balance or for them to trip or fall. Examples include:

- Placing the stick in front of the opponent's legs for the purpose of impeding progress, even if on the ice, with no effort to legally play the puck.
- Placing the stick between the legs of the opponent (can opener/corkscrew) that causes a loss of balance or impedes the progress of the opponent.

Holding

A player cannot wrap his/her arms around an opponent or use a free hand to clutch, grab or hold the stick, jersey or body on the opponent in a manner that impedes their progress. Examples include:

- Wrapping one or both arms around the opponent along the boards in a manner that pins them against the boards and prevents them from playing the puck or skating.
- Grabbing the opponent's body, stick or sweater with one or both hands.
- Using a free arm/hand to restrain or impede the opponent's progress.

Interference

A player cannot use his/her body ("pick" or "block") to impede the progress of an opponent with no effort to play the puck, maintain normal foot speed or established skating lane. Examples include:

- Intentionally playing the body of an opponent who does not have possession or possession and control of the puck.
- Using the body to establish a "pick" or "block" that prevents an opponent from being able to chase a puck carrier.
- Reducing foot speed or changing an established skating lane for the purpose of impeding an opponent from being able to chase a puck carrier.

Slashing

The use of the stick will be limited to only playing the puck. Any stick contact, as a result of a slashing motion, to the hands/ arms or body of the opponent will be strictly penalized. In addition, hard slashes to the upper portion of the stick (just below the hands) of an opponent, with no attempt to legally play the puck, shall also be penalized.

Conclusion

All USA Hockey members must demonstrate awareness and support for the application, spirit and the respect of the rules in order for continued improvement in the game of hockey. At the same time, it is important to remember that:

- A player is entitled to the ice he/she occupies as long as they are able to maintain their own foot speed and body position between opponent and puck.
- Players are allowed to compete for body position using their strength and balance in front of the goal or along the boards.
- Coaches are expected to teach proper skills and hold their players accountable for illegal and dangerous actions, regardless as to whether they are properly penalized, or not.
- Parents are expected to support the decisions of the officials and support the coaches in teaching the proper skills in a safe and positive environment.
- Officials shall enforce a strict penalty standard according to the guidelines that have been established.
- Players are expected to compete within the playing rules.
- Administrators are expected to hold players, coaches, officials and parents accountable for their actions in an effort to promote a safe and positive environment for all participants.

All members of USA Hockey share an equal responsibility to ensure the integrity of the game is upheld. The onus is not only on the officials, but also on administrators, coaches, parents and players as well.

PROGRAMS & PHILOSOPHIES

A. YOUTH HOCKEY

The USA Hockey mission statement for its Youth Programs is as follows:

- To provide an innovative grassroots foundation for the growth and development of USA Hockey, designing programs aimed at increased participation, improved skills and a responsible environment for the conduct of youth hockey.

The American Development Model (ADM), which includes programs at all levels, is the basis for youth hockey in the United States. It provides:

- A safe and healthy environment for all.
- An opportunity for all new players who wish to play hockey.
- Fair and equal opportunity for all to participate in our sport.
- An opportunity to learn the basic skills without an over-emphasis on winning.
- A philosophy which attempts to reduce the number who become disenchanted and drop out.
- An opportunity for those who wish to advance in a more competitive environment to do so.
- Qualified adult leadership.

USA Hockey recommends:

- Scoring records should be de-emphasized at the age of 11 & under.
- Awards should be inexpensive and based on significant achievement. The most gratifying award any player can receive is the joy that comes from skill development that contributes to team success.
- The recruitment of players on a widespread geographic basis for the establishment of youth division "travel teams" may be pursued under the guidelines established by USA Hockey's Model Program.
- It is recommended that adult volunteers place a primary emphasis on the formal education of players and a de-emphasis on excessive competition and a win-at-all-costs attitude in the youth age classifications.
- Sportsmanship at all times should be emphasized.

USA Hockey has created four distinct categories within its structure to help meet the needs of the youth player:

1. **Learn to Play/FUNDamentals** – This program is designed to meet the needs of the beginning player. Basic skills will be taught equally in a non-competitive environment. Fun, physical development and a sociable environment are stressed.
2. **Hockey for Life/Recreational (All Ages)** – The backbone of youth hockey, recreational hockey encourages internal or "house league" play. This program is designed to provide opportunities to play for enjoyment, fitness, relaxation and fellowship. Skill development and team concepts are stressed, rather than winning.
3. **Travel (Beginning at 14U)** – Qualified coaches teach higher-level skill development and team play for players within local associations who have the desire and ability for a more committed hockey experience. Balance of winning and sportsmanship is stressed, and travel for competition should be

USA Hockey's American Development Model

Hockey for Life

Any Age – Players can enter at any stage. 'Hockey for Life' can provide quality recreational opportunities for all ages. USA Hockey also hopes that as adults we lead a physically active life style and continue to contribute to the sport through volunteerism as coaches, referees and administrators.

Active Start

Ages 0-6

This early development period is essential for acquiring fundamental movement skills (running, gliding, jumping, kicking, catching, striking...) that lay the foundation for more complex movements, thereby preparing children for a physically active lifestyle. USA Hockey encourages any that increase fundamental movement skills in the 4 environments that lead to physical literacy:

- In the water: Swimming
- On the ground: Athletics
- In the air: Gymnastics
- On ice and snow: Sliding (skating)

Kids should start with a learn to skate program and then a learn to play program, so their initial steps into ice hockey.

6 & Under (Mites):

- 50-60 ice sessions
- 2-3 full-time practices
- 34-40 quality practices
- 0 full-time games
- 16-20 cross-ice game days

FUNDAMENTALS

Ages 6-8 Female

The objective of this stage is to refine fundamental movement skills and begin to acquire basic sports skills. This is the time when a foundation is laid for future acquisition of more advanced skills.

The focus is on the development of physical literacy. Fundamental movement skills should be mastered and motor development emphasized, while the participation in many sports/activities is encouraged. The focus is on developing the basic hockey skills of skating and puck control are introduced. FUN competitions are also introduced in a team environment.

8 & Under (Mites):

- 50-60 ice sessions/week
- 2-3 full-time practices
- 0 full-time games
- 34-40 quality practices
- 0 full-time games
- 16-20 cross-ice game days

Learn to Train

Ages 8-11 Female

Ages 9-12 Male
This is the period of accelerated learning of coordination and fine motor control and is the critical stage for the acquisition of hockey skills.

Prior to the beginning of the growth spurt, players have the best opportunity to learn and that can be used in combination with other skills. In most cases what is learned or not learned in this stage will have a very significant effect on the level of play that is achieved later on.

Players should be able to begin to transfer skills and concepts from practices to games. Group interaction, team building and social skills should be emphasized. A balance of practices and games will promote the continued development and mastery of key hockey skills.

10 & Under (Squirts):

- 95-100 ice sessions
- 3-4 on-ice/off-ice sessions/week
- 10-12 full-time practices
- 10-12 skaters and 1 goalie
- 75-80 quality practices
- 20-25 games

12 & Under (Peewees):

- 105-120 ice sessions
- 4-5 on-ice/off-ice sessions/week
- 60-65 full-time practices
- 12 skaters and 2 goalies
- 80-90 quality practices
- 30-35 game days

Train to Train

Ages 11-15 Female

Ages 12-16 Male
The focus of this stage is to further develop sports specific skills, begin to introduce competition, and start to emphasize support training to continue development of speed, strength and stamina while maintaining flexibility.

Players should consolidate sport specific technical skills with an increased emphasis on hockey and its reduction in the number of other sports played. A continued emphasis is also placed on the development of individual and group tactics.

Social and emotional considerations are addressed by placing an emphasis on team-building, group interaction and social activities.

14 & Under (Bantam) & 16 & Under (Midget):

- 4-5 ice sessions per week
- 80 minute ice sessions
- Combined and separate practices for team/position
- 9 month training calendar
- 15-20 full-time practices
- 10-12 skaters and 2 goalies
- 40-50 games
- Appropriate off-ice training for LTAD stage

Learn to Compete

Ages 15-18 Female

Ages 16-19 Male
The focus is on optimizing fitness preparation and to begin to specialize in ice hockey. Training should be individualized to the athlete's particular needs in skill development, mental preparation, fitness and recovery. During this stage, the athlete's particular needs will be emphasized, as does training intensity.

Competitions become more important and the focus shifts to performance. Training will stress the development of position specific technical and tactical skills under competitive conditions. Mental skills are also emphasized.

18 & Under (Midget) & 19 & Under (Junior):

- 200 ice sessions
- 80 minute ice sessions
- Combined and separate practices for team/position
- 10-12 full-time practices
- 18 skaters and 2 goalies
- 130-140 quality practices
- Appropriate off-ice training for LTAD stage

Train to Compete

Ages 19-21 Female

Ages 19-23 Male
The objective of the Train to Compete stage is to transfer from the training environment, to a competitive environment. Athletes must consolidate technical skills, and maintain ancillary skills and maintain physical capacities. During this stage, the athlete's needs are high while intensity increases with the importance of competitions. The training is usually 10+ months of the year and is discipline and hockey-specific. Athletes will usually be required to move away from home for training and competition environments that fit this level of athlete development. The training is individualized to the athlete's particular needs in skill development, mental preparation, fitness and recovery.

Junior, NCAA:

Training calendar that equally supports both training and competition.

Train to Win

Ages 19+ Female

Ages 19+ Male
The focus of this stage is the stabilization of performance on demand characteristics and excellence within the highest level of performance at the NHL, World Championships and Olympics. This is the final phase of athletic preparation and the athlete's primary goal will be to maximize performance and all the performance factors should be fully established to optimize performance in national or international competitions. The athletes in this stage will be performers in the highest level professional league and at the highest international level. It is important to build a winning strategy with these athletes, and to individualize training and recovery programs to prevent over-training.

NCAA, Professional:

Appropriate training that supports competition calendar.

reasonable. Players should still receive equivalent playing time. Team objectives include local, league, state and national championships.

4. **Select/High Performance (Beginning at 16U)** – A high-level national program which draws from the very best players in programs across the country, then prepares them to play for the United States in international competitions.

B. CODE OF CONDUCT

Administrator's Code of Conduct

- Follow the rules and regulations of USA Hockey and your association to ensure that the association's philosophy and objectives are enhanced.
- Support programs that train and educate players, coaches, parents, officials and volunteers.
- Promote and publicize your programs; seek out financial support when possible.
- Communicate with parents by holding parent/player orientation meetings as well as by being available to answer questions and address problems throughout the season.
- Work to provide programs that encompass fairness to the participants and promote fair play and sportsmanship.
- Recruit volunteers, including coaches, who demonstrate qualities conducive to being role models to the youth in our sport.
- Encourage coaches and officials to attend USA Hockey clinics and advise your board members of the necessity for their training sessions.
- Make every possible attempt to provide everyone, at all skill levels, with a place to play.
- Read and be familiar with the contents of the *USA Hockey Annual Guide* and USA Hockey's official playing rules.
- Develop other administrators to advance to positions in your association, perhaps even your own.

Coach's Code of Conduct

- Winning is a consideration, but not the only one, nor the most important one. Care more about the child than winning the game. Remember, players are involved in hockey for fun and enjoyment.
- Be a positive role model to your players. Display emotional maturity and be alert to the physical safety of players.
- Be generous with your praise when it is deserved; be consistent and honest; be fair and just; do not criticize players publicly; learn to be a more effective communicator and coach; don't yell at players.
- Adjust to personal needs and problems of players; be a good listener; never verbally or physically abuse a player or official; give all players the opportunity to improve their skills, gain confidence and develop self-esteem; teach players the basics.
- Organize practices that are fun and challenging for your players. Familiarize yourself with the rules, techniques and strategies of hockey; encourage all your players to be team players.
- Maintain an open line of communication with your players' parents. Explain the goals and objectives of your association.

- Be concerned with the overall development of your players. Stress good health habits and clean living.
- To play the game is great, to love the game is greater.

On-Ice Official's Code of Conduct

- Act in a professional and businesslike manner at all times and take your role seriously.
- Strive to provide a safe and sportsmanlike environment in which players can properly display their hockey skills.
- Know all playing rules, their interpretations and their proper application.
- Remember that officials are teachers. Set a good example.
- Make your calls with quiet confidence; never with arrogance.
- Manage and help to control games in cooperation with the coaches to provide a positive and safe experience for all participants.
- Violence must never be tolerated.
- Be fair and impartial at all times.
- Answer all reasonable questions and requests.
- Adopt a "zero tolerance" attitude toward verbal or physical abuse.
- Never use foul or vulgar language when speaking with a player, coach or parent.
- Use honesty and integrity when answering questions.

- Maintain your health through a physical conditioning program.
- Dedicate yourself to personal improvement and maintenance of officiating skills.
- Respect your supervisor and his/her critique of your performance.

Parent's Code of Conduct

- Do not force your children to participate in sports, but support their desires to play their chosen sports. Children are involved in organized sports for their enjoyment. Make it fun.
- Encourage your child to play by the rules. Remember, children learn best by example, so applaud the good plays of both teams.
- Do not embarrass your child by yelling at players, coaches or officials. By showing a positive attitude toward the game and all of its participants, your child will benefit.
- Emphasize skill development and practices and how they benefit your young athlete. De-emphasize games and competition in the lower age groups.
- Know and study the rules of the game and support the officials on and off the ice. This approach will help in the development and support of the game. Any criticism of the officials only hurts the game.
- Applaud a good effort in both victory and defeat, and enforce the positive points of the game. Never yell or physically abuse your child after a game or practice – it is destructive. Work toward removing the physical and verbal abuse in youth sports.

- Recognize the importance of volunteer coaches. They are important to the development of your child and the sport. Communicate with them and support them.
- If you enjoy the game, learn all you can about hockey – and volunteer.

Player's Code of Conduct

- Play for fun.
- Work hard to improve your skills.
- Be a team player – get along with your teammates.
- Learn teamwork, sportsmanship and discipline.
- Be on time.
- Learn the rules and play by them. Always be a good sport.
- Respect your coach, your teammates, your parents, opponents and officials.
- Never argue with an official's decision.

Spectator's Code of Conduct

- Display good sportsmanship. Always respect players, coaches and officials.
- Act appropriately; do not taunt or disturb other fans; enjoy the game together.
- Cheer good plays of all participants; avoid booing opponents.
- Cheer in a positive manner and encourage fair play; profanity and objectionable cheers or gestures are offensive.
- Help provide a safe and fun environment; throwing any items on the ice surface can cause injury to players and officials.
- Do not lean over or pound on the glass; the glass surrounding the ice surface is part of the playing area.
- Support the referees and coaches by trusting their judgment and integrity.
- Be responsible for your own safety – be alert to prevent accidents from flying pucks and other avoidable situations.
- Respect locker rooms as private areas for players, coaches and officials.
- Be supportive after the game – win or lose. Recognize good effort, teamwork and sportsmanship.

G. JUNIOR HOCKEY

Philosophy of the Junior Hockey Program

The goals of junior hockey are to promote, develop and administer the domestic USA Hockey program for junior-aged players, teams and leagues.

USA Hockey's Junior Program is available to athletes who, commencing with the 2012-13 season, are at least 16 years of age and no older than 20 as of the 31st day of December of the current season of competition (provided that, pursuant to USA Hockey Rules & Regulations, Section XI: Junior Hockey, Subsection C, Junior Age Players and Citizenship, players that are 15 years of age on or before December 31st of the current season may be permitted to play Junior Hockey upon submission and approval of a petition).

The program is available to high school students and graduates who seek a greater or different challenge than that which might be available through their prep school team, high school varsity or club team or area 18 & under teams. The principal purpose of this development program is to prepare the athlete for career advancement either in a collegiate program or a professional opportunity.

Junior hockey leagues/teams are certified, annually, by the Junior Council, in the following classifications: Tier I; Tier II, Tier III; and provisional for any of the foregoing classifications.

The Tier I program is a developing concept designed to become the best amateur hockey league in the world which will attract the top 16-20 year-old players and further develop its coaches and officials through the highest level of competition. This will be accomplished by fan support and a market-driven ownership of leagues and teams with sound financial backing committed to its mission, and fans in conjunction with the USA Hockey National Team Development Program and USA Hockey support. Important goals of the Tier I program are:

- to maintain the eligibility of all athletes for NCAA competition;
- to offer quality academic development;
- to allow players to achieve maximum skill development;
- to broaden the base of development in coordination with USA Hockey's National Team Development Program.

Key strategies for the Tier I program are:

- to attract the best players, coaches and officials in the United States;
- to attract solid investors as franchise owners and operators;
- to market the league, teams, players, coaches and officials to the most aggressive degree possible while ensuring that all future development and movement options (NCAA included) remain open and available;
- to manage the business from a profit-driven perspective in order to invest back into the league;
- to strengthen relationships in the hockey community by promoting the league as the vehicle to do so;
- to become the most successful junior hockey league in the world; and
- to focus on a national presence.

Currently there is one league certified by USA Hockey at the Tier I Level.

The purpose of Junior hockey is essentially two-fold:

(1) **Opportunity**

To provide an opportunity for players in this age group to play organized hockey.

(2) **Development**

To improve and develop the skills and abilities of all the participants, including players, coaches and officials.

The goals of Junior hockey as a program of USA Hockey are as follows:

(1) **Skill Development**

To provide talented young players with the opportunity to develop in an organized, structured, competitive and supervised environment.

(2) **Quality Coaching**

To provide considerable training time, quality coaching instruction and concerned oversight.

(3) **Social Maturity**

To provide players with a healthy, constructive environment in which to develop socially.

(4) **Educational Advancement**

To provide assistance and opportunities for the accomplishment of the participant's educational goals.

(5) **Recruiting Exposure**

To provide players with exposure to collegiate and professional scouts and recruiters.

(6) **Advanced Competition**

To provide players with exposure to national and international competition.

(7) Protection of Amateur Status

To protect, most importantly, the amateur status of all participants under the rules and guidelines established by the International Ice Hockey Federation, USA Hockey, Hockey Canada, the NCAA, the NAIA and the National Federation of High Schools.

Youth/Junior Affiliated Player Policy**(1) Domestic Affiliate Player Program**

The Youth/Junior Affiliated Player Policy includes Junior Tier I and Tier II classifications (United States Hockey League [USHL] and North American Hockey League [NAHL]).

- (a) The Affiliated Player Policy is intended to allow USA Hockey-registered 16-, 17- and 18- birth year players to participate on USHL or NAHL rosters. This Policy will also allow the junior team to see a potential upcoming player in the junior environment. This opportunity can help the junior team evaluate the player's ability to play at that level and fill-out their roster in case of player shortage caused by injuries or illness on the junior team.
- (b) The junior coach must contact the player's parent(s) and current coach regarding the invitation. A properly completed USA Hockey Player Affiliation Consent Form must then be filed with the USA Hockey national office and League office and shall include the parents' and coach's permission, and the date(s) of games to be played. When a team uses an Affiliate Player from another junior team the coach must contact the junior coach of the Affiliate Player and get his permission prior to contacting the parents of the Affiliate Player. The proper form for this purpose is available on the USA Hockey website.
- (c) These junior teams are limited to a maximum of 12 Affiliate Players per season.
- (d) These Affiliate Players will not be rostered on the official junior protected list. They will remain rostered with their current team and must be returned to that team on or before March 1. Additionally they are allowed to participate as Affiliate Players after they have completed their entire season and this would include state, district and national championship play.
- (e) Affiliate Players shall be limited to a maximum of ten junior games per season but only six games prior to March 1 with the ability to play additional games once the player's current team has completed their entire season and this would include state, district and national championship play.

(2) Split Season Dormant Program

The Split Season Dormant Program is for youth players that desire to play all levels of junior hockey. This program is intended for the midget 16, 17 18 birth year player who feels that he is in a "special circumstance" when his team is dormant.

- (a) The junior coach must contact the midget player's parent(s) and current midget coach regarding the invitation. A properly completed USA Hockey Player Affiliation Consent Form must then be filed with the USA Hockey national office and shall include the parents' and coach's permission, and the date(s) of games to be played.
 - (b) Any 16, 17 18 birth year players on a midget national tournament bound team, who are rostered on a dormant split-season midget team, are permitted to be rostered on a junior team and be returned to their midget team on or before March 1. These players must file a Roster Designation Form, which states their full intention of rejoining their midget split-season team no later than March 1, with their district registrar and the USA Hockey national office before playing their first game with the junior team.
 - (c) These individual affiliate players will also appear on the official Junior Protected List, but will remain midget players, returning to their midget teams for competition on or before March 1. From and after March 1, until the conclusion of their midget team's season, the affiliate players shall be ineligible for junior competition.
- (3) Roster Cross-Reference**
- (a) The Junior Registry shall send a list of all midget eligible players appearing on junior protected lists on or before March 1, then by March 2, the national office will cross-reference and create a file of those players who are registered through youth programs. These lists shall be forwarded to the district registrars for cross-referencing the certified rosters.
- (4) Suspensions**
- Junior Council and Youth Council, in conjunction with their respective programs, shall be consistent in upholding youth playing and coaching suspensions. D. PLAYER DEVELOPMENT & INTERNATIONAL PROGRAMS

The objective of USA Hockey's Player Development Program is to select and train the most competitive men's and women's ice hockey teams to represent the United States at the Olympic, National, National Junior and Select levels of international competition.

The attainment of that goal begins each summer as USA Hockey hosts a series of Player Development Camps for boys and girls ages 14, 15, 16 and 17. Nearly 1,300 athletes representing each of USA Hockey's 12 districts participate in the week-long events, which attract scouts and evaluators from every level of hockey. Participants receive on- and off-ice training under the direction of leading USA Hockey coaches, along with current and former National Hockey League and

Women's National Team players. Participants are chosen through an evaluation process conducted at the local and district levels.

USA Hockey took an aggressive step forward in its player development efforts in 1996-97 through the introduction of the National Team Development Program. Based in Ann Arbor, Mich., the National Team Development Program was designed by USA Hockey to select and train two standing national teams consisting of 46 American ice hockey players under the age of 18. The two teams each play a competitive schedule against teams from the United States Hockey League, North American Hockey League, and U.S. colleges as well as against leading international opponents.

A full-time national coaching staff has been selected to oversee a concentrated on- and off-ice training program that emphasizes principles of athletic, academic and social development. The ultimate goal of the National Team Development Program is to better prepare America's national-caliber ice hockey players for success at the highest levels of competition, including the IIHF Under-18 Men's World Championship, the IIHF World Junior Championship, the IIHF Men's World Championship, the World Cup of Hockey and the Olympic Winter Games.

USA Hockey has made a similar commitment to the growth and development of its women's ice hockey program through the introduction of a full-time director of women's hockey. In addition to monitoring the development of America's top girls' and women's ice hockey players through a series of regional and national training camps, the women's director leads the U.S. Women's National Team at the IIHF Women's World Championship, IIHF Under-18 Women's World Championship and the Olympic Winter Games.

E. COACHING EDUCATION PROGRAM

The objective of the Coaching Education Program is to improve the caliber and quality of coaching in amateur hockey. Five levels of achievement and five online age-specific modules have been established to educate and train each coach, from the beginner to the highly skilled expert.

The Coaching Education Program is committed to developing coaches who will be effective instructors and role models through a comprehensive education program at all levels of play. The program emphasizes fundamental skills, conceptual development, sportsmanship and respect for teammates, opponents, coaches, officials, parents and off-ice officials.

Thirteen district coaches-in-chief use trained coaching education personnel to conduct the first three progressive levels of instructional coaching clinics. The coaches-in-chief themselves organize and conduct the Level 4 clinics, while the Director of the Coaching Education Program conducts the Level 5 clinic. All registered coaches are required to complete clinics in accordance with the requirements under Rules and Regulations V. Coaching Education Program.

USA Hockey has developed a full range of instructional materials for coaches to use on the ice, as well as in the classroom. The materials are also used by the Player Development Program and the International Ice Hockey Federation. Materials include clinic manuals, PowerPoint presentations and training videos.

F. OFFICIATING EDUCATION PROGRAM

The objective of the Officiating Education Program is to supply each official with the knowledge and skills of the game that will equip them to do the best job possible.

Instructional and support material has been developed on a progressive step-by-step basis so that the official can improve their ability and effectiveness over a period of time, be confident that they have received the training to do a good job and be recognized for their accomplishments. Four levels of achievement have been created for this purpose: Level 1, Level 2, Level 3 and Level 4.

Twelve district referees-in-chief utilize trained regional instructors to conduct instructional seminars and clinics dealing with topics like on-ice mechanics, rules interpretation and advanced theories of officiating. All registered officials are required to attend one seminar annually.

Each summer, development camps are conducted. These camps are designed to further the education of selected officials on all levels using the latest educational methods and techniques. Instructors include National Hockey League officials and educators.

A full complement of instructional materials, including manuals and videos, have been developed for educational purposes.

POLICIES

A. ZERO TOLERANCE

In an effort to make ice hockey a more desirable and rewarding experience for all participants, USA Hockey instituted a zero tolerance policy beginning with the 1992-93 season. This policy requires all players, coaches, officials, team officials and administrators and parents/spectators to maintain a sportsmanlike and educational atmosphere before, during and after all USA Hockey-sanctioned games.

Thus, the following points of emphasis must be implemented by all referees and linesmen:

Players

A minor penalty for unsportsmanlike conduct (zero tolerance) shall be assessed whenever a player:

1. Openly disputes or argues any decision by an official.
2. Uses obscene or vulgar language at any time, including any swearing, even if it is not directed at a particular person.
3. Visually demonstrates any sign of dissatisfaction with an official's decision. Any time that a player persists in any of these actions, they shall be assessed a misconduct penalty. A game misconduct shall result if the player continues such action.

Coaches

A minor penalty for unsportsmanlike conduct (zero tolerance) shall be assessed whenever a coach:

1. Openly disputes or argues any decision by an official.
2. Uses obscene or vulgar language in a boisterous manner to anyone at any time.
3. Visually displays any sign of dissatisfaction with an official's decision including standing on the boards or standing in the bench doorway with the intent of inciting the officials, players or spectators.

Any time that a coach persists in any of these actions, he/she shall be assessed a game misconduct penalty.

Officials

Officials are required to conduct themselves in a businesslike, sportsmanlike, impartial and constructive manner at all times. The actions of an official must be above reproach. Actions such as "baiting" or inciting players or coaches are strictly prohibited.

Officials are ambassadors of the game and must always conduct themselves with this responsibility in mind.

Parents/Spectators

The game will be stopped by game officials when parents/spectators displaying inappropriate and disruptive behavior interfere with other spectators or the game. The game officials will identify violators to the coaches for the purpose of removing parents/spectators from the spectator's viewing and game area. Once removed, play will resume. Lost time will not be replaced and violators may be subject to further disciplinary action by the local governing body. This inappropriate and disruptive behavior shall include:

1. Use of obscene or vulgar language in a boisterous manner to anyone at any time.
2. Taunting of players, coaches, officials or other spectators by means of baiting, ridiculing, threat of physical violence or physical violence.
3. Throwing of any object in the spectators viewing area, players bench, penalty box or on ice surface, directed in any manner as to create a safety hazard.

B. SAFESPORT POLICY

The safety of its youth participants is of paramount importance to USA Hockey. This includes not only on-ice safety, but also off-ice safety in any part of USA Hockey's programs.

USA Hockey has long had safety systems in place to protect its participants from physical abuse, sexual abuse and other types of abuse and misconduct that can be harmful to youth hockey players. These include, without limitation, physical abuse, sexual abuse, screening, locker room supervision and hazing policies, in addition to codes of conduct applicable to administrators, coaches, officials, parents, players and spectators. USA Hockey has created a SafeSport Program Handbook that collects USA Hockey's various policies to protect its youth participants from all types of misconduct and abuse.

USA Hockey has **ZERO TOLERANCE** for abuse and misconduct.

USA Hockey's SafeSport Program Handbook addresses the following:

- **SafeSport Policies** – including policies prohibiting:
 - sexual abuse
 - physical abuse
 - emotional abuse
 - bullying, threats and harassment
 - hazing

The policies also address areas where misconduct can occur and are intended to reduce the risk of potential abuse, including:

- a locker room policy
 - a social media, mobile and electronic communications policy
 - a travel policy
 - a billeting policy
 - an education and awareness training policy
- **Education and awareness training**
 - **Screening and background check program**
 - **Reporting of concerns of abuse**
 - **Responding to abuse and other misconduct**
 - **Monitoring and supervision of the SafeSport Program**

These specific policies are of paramount importance to USA Hockey and may be modified or amended as needed.

A USA Hockey member or parent of any member who (1) violates any of the SafeSport Policies or (2) fails to consent to, and pass a screening and background check in compliance with the Screening and Background Check Program, may be

denied eligibility within any USA Hockey programs and is subject to appropriate disciplinary action including but not limited to suspension, permanent suspension, and/or referral to law enforcement authorities.

Please refer to the SafeSport Program Handbook for details of these policies. A copy of the USA Hockey SafeSport Program Handbook may be obtained from USA Hockey and is also available at usahockey.com/safesport.

C. GENDER EQUITY – CO-ED LOCKER ROOMS

The issue of co-ed dressing arrangements in locker rooms often arises, and USA Hockey is frequently asked to provide some type of guideline about dealing with such situations. Teams, leagues, associations and USA Hockey need to recognize that there are gender equity issues to deal with when managing a co-ed locker room setting. Both female and male privacy rights must be given consideration and appropriate arrangements made.

USA Hockey's member organizations should consider the following:

1. Recognize that it is an issue that must be dealt with and that favoring one group over another can produce legal ramifications;
2. Recognize that the ideal situation of using two, separate dressing rooms is not possible in many ice rink/arena settings;
3. Recognize that it is an issue that will increase in visibility as girls'/women's participation in USA Hockey continues to grow; and
4. Recognize that it is an issue for members who are participating as players, coaches and officials.

Our recommendations, made in conjunction with the Girls'/Women's Section, the Coaching Education Program and the Officiating Program, are as follows:

NOTE: Make certain that two properly screened adults are present in locker room settings to supervise. Arrange to provide supervisors who are of the same sex as the children they are to protect. Please follow Coaching Ethics guidelines.

- A.** Where possible, have the male and female players undress/dress in separate locker rooms; then convene in a single dressing room to hold the coach's pre-game meeting;
- B.** Once the game is finished, hold the coach's post-game meeting; then have the male and female players proceed to their separate dressing rooms to undress and shower (separately), if available.
- C.** In those cases where separate facilities are not available, have one gender enter the locker room and change into their uniforms. That gender then leaves the locker room, while the other gender dresses. Both genders would then assemble in the locker room and hold the coach's pre-game meeting.
- D.** Following the game and the coach's post-game meeting, where separate facilities are not available, the second gender group enters the locker room and undresses, while the first group waits outside until they have undressed and left the room. Once the second group leaves, the first group enters the locker room and undresses.

NOTE: Taking turns is a means of 'reasonable accommodation,' so neither gender group is favored.

Failing to establish some type of similar procedure, or failure to seriously consider the privacy issues will likely lead to complaints and/or lawsuits. By being proactive on this issue, everyone [coaches, players, officials, volunteers and parents] can enjoy the sport without the worry of legal actions or the invasion of privacy concerns arising.

Lastly, reinforce to all players, coaches, officials, volunteers and parents that your organizations are going to take this issue seriously. It is not acceptable for members to be observing the opposite gender while they dress or undress. Members and volunteers who violate USA Hockey's policies, or who violate the privacy rights of others, could be subject to appropriate discipline.

D. CONSUMPTION/USE/ABUSE OF MOOD ALTERING SUBSTANCES

It is the considered judgment of the Board of Directors of USA Hockey that consumption/use/abuse of mood altering substances is detrimental to a healthy state of mind, body, and spirit in an athletic participant. This is especially true for those participants aspiring to develop their talents in the furtherance of their playing, or coaching, or officiating careers in the sport of ice hockey. Therefore, with the best interests of its participants in mind, USA Hockey prohibits use by any participant of mood altering substances during active participation in its programs, and, upon discovery of any violation, shall take action to remove the participant from participation in its programs for a reasonable period of time. Further, USA Hockey hereby recommends that each and all of its teams, associations, programs and affiliates adopt reasonable regulations concerning the prohibition of consumption/use/abuse of mood altering substances, and a reasonable enforcement procedure thereafter, in order to maintain the health of our athlete participants, the integrity of our programs, and the eligibility of all of our competitors for national, international, and collegiate competition.

For purposes of this policy, the words "mood altering substances" shall include the following:

1. Intoxicating beverages, including, but not limited to, alcohol.
2. Non-prescription or prescribed controlled substances.
3. Prescription or prescribed controlled substances when used to an excess in violation of doctors orders, or to produce the state of intoxication in the participant.

Further, a participant shall include players, coaches, referees, and all persons involved in the conduct of an ice hockey contest.

E. SLED (SLEDGE) HOCKEY

It is USA Hockey policy that sled (sledge) hockey players (playing on sleds) shall not compete in games with players who are playing hockey standing up (playing on skates).

G. CONFLICT OF INTEREST

Conflicts of interest have the potential to cause legal problems as well as embarrassment for USA Hockey, Inc. While transactions involving conflicts of interest are not prohibited, they must be duly considered by the Board of Directors of USA Hockey, Inc., based on disclosures as may be required by the Board.

This conflict of interest policy is intended to help directors, officers, and certain other persons identify situations that present possible conflicts of interest and to provide USA Hockey, Inc., with a procedure whereby such potential conflicts may be reviewed by an appropriate party when necessary. Part II of the policy is intended to take advantage of certain statutory procedures which protects certain conflicted transactions from subsequent legal challenge.

Part I – Definitions

A. Conflict of Interest

A "Conflict of Interest" exists when a Responsible Person is called upon by the President to act on a transaction to which USA Hockey, Inc., would be a party, where the Responsible Person's actions or relationships present the potential for improper personal gain or advantage, or an adverse effect on the interests of USA Hockey, Inc. Although it is impossible to list every circumstance giving rise to a Conflict of Interest, the following will serve as a guide to the types of transactions and relationships that create Conflicts of Interest. "Class A" Conflicts of Interest relate to transactions in which a Responsible Person has a direct conflict of interest. "Class B" Conflicts of Interest involve relationships or transactions that create indirect conflicts of interest.

B. Class A

1. A transaction between USA Hockey, Inc., and a Responsible Person or Family Member.

2. A transaction between USA Hockey, Inc., and an entity (other than a Related Organization) or individual in or of which a Responsible Person or Family Member has a material financial interest or is a director, officer, agent, partner, associate, trustee, personal representative, receiver, guardian, custodian, conservator or other legal representative.

This does not preclude the acceptance of items of nominal or insignificant value that are clearly tokens of respect or friendship and not related to any actual or potential transaction or activity of this corporation or a Related Organization.

A list of examples of the foregoing types of transactions is set forth in Part V.

D. Control

"Control" exists if one organization or individual:

1. Owns, directly or indirectly, at least 50 percent of the stock ownership or membership interests of another organization;
2. Has the right, directly or indirectly, to direct or cause the direction of the management and policies of another organization, whether through the ownership of voting interests, by contract, or otherwise.

A Conflict of Interest identified by a Responsible Person in the course of a meeting of the Board of Directors or of a committee shall be reported immediately to the Board of Directors or committee, as the case may be.

B. Class A Conflicts

Class A Conflicts of Interest by a member of the Board of Directors of USA Hockey, Inc., shall be reported by the Responsible Person, the President, or the President's designee, to the Board of Directors or to the committee that is considering or has considered the transaction to which the Conflict of Interest relates. The Board or committee shall consider the Conflict of Interest in accordance with the following procedures:

1. If the director who has the Class A Conflict of Interest is present at the meeting at which the transaction involving the Conflict of Interest is to be considered, such director shall disclose to the Board or committee all facts material to the conflict of interest. Such disclosure shall be reflected in the minutes of the meeting.
2. If the director who has the Class A Conflict of Interest is not present, or has not made the disclosure required by the preceding paragraph, the President or a representative designated by the President shall disclose to the Board or the committee all known facts material to the Conflict of Interest. Such disclosure shall be reflected in the minutes of the meeting.

5. In the event that the number of persons having Conflicts of Interest with respect to a particular transaction is so large that it is impossible to obtain a quorum, or the number of votes necessary for approval as described in paragraph 4, then the transaction shall be approved only upon the unanimous vote of the disinterested directors, provided that there are at least two disinterested directors. The minutes of the meeting shall reflect an analysis of

the fairness and reasonableness of the transaction as to this corporation.

6. The procedure described in this section is intended to comply with the requirements of any statutory provision which provides for authorization, approval, and ratification of certain transactions involving Conflicts of Interest. In the event of any inconsistency between the provisions of this section and those statutory provisions, the statutory provisions shall govern.

C. Other Councils

The President shall take such action as he or she deems appropriate with respect to reported Class A Conflicts of Interest involving persons other than directors and all reported Class B Conflicts of Interest. Such action may include, but is not limited to, (1) simply noting the Conflict of Interest in the corporate files, (2) reporting the matter to the Board of Directors for its information only, or (3) referring the matter to the Board of Directors or one of its committees for review.

(2) **Allied Membership**

Any person or organization interested in or involved in the conduct of hockey competition within the United States shall be eligible to become an "Allied Member" of USA Hockey, upon compliance with all provisions of these Bylaws and the Applicable Rules. The current Allied Membership is specified in paragraph C of Bylaw 6.

B. *Voting Rights*

Registered Participant Members and certain Allied Members shall have certain voting rights in USA Hockey relating to the election of directors as provided in Bylaw 4; provided, however, that Registered Participant Members and Allied Members shall have no other voting rights in USA Hockey. Registered Participant Members voting rights for Directors shall be exercised by an authorized representative of their local association/member program. Proxy voting, if any, shall be described in writing and subject to the approval of the Executive Committee. All other registered Participant Member voting rights shall be governed by written Affiliate rules and regulations for a democratic election process subject to the approval of the Executive Committee.

C. *Application For Membership*

Registered Participant Membership or Allied Membership in USA Hockey may be acquired by application at usahockey.com or via an official paper registration form. Such forms are available through the principal office of USA Hockey or the appropriate registrar in the District where the prospective Registered Participant Member or Allied Member is located. In applying for membership, each prospective Registered Participant Member or Allied Member shall represent that it will comply with and adhere to these Bylaws and the Applicable Rules; provided, however, that any amateur sports organization (as defined in the Amateur Sports Act) which conducts amateur athletic competition, participation in which is restricted to a specific class of amateur athletes (such as high school students, college students, members of the Armed Forces, or similar groups or categories) (each such competition being referred to as an "Exclusive Amateur Hockey Organization Competition"), shall have exclusive jurisdiction over such competition notwithstanding any USA Hockey Bylaw or Applicable Rule to the contrary, to the extent set forth under the Amateur Sports Act and the USOC Constitution.

D. Registration Fees

An annual registration fee shall be established by the Board of Directors of USA Hockey (the “Board of Directors” or the “Board”) for Registered Participant Membership or Allied Membership, and the amount of the fee shall be paid or forwarded by the applicant to the appropriate representative designated by USA Hockey along with the annual membership application.

E. Dues

In addition to the annual registration fee, certain Team Members or Allied Members may be required to pay dues to USA Hockey as established from time-to-time by the Board of Directors.

F. Failure to Pay Dues

Registered Participant Members or certain Teams or Allied Members failing to pay the established registration fee or dues at the time of registration or as assessed by the Board of Directors shall not be considered Members.

All Constituents must abide by the applicable USA Hockey playing rules book. The term “Constituent” as used herein includes all Registered Participant Members competing in the event, as well as the respective leagues in which those Participants are playing. No other playing rulebook will be allowed.
- (3) Any ice hockey playing rules changes must be submitted to and approved by the Playing Rules Committee of USA Hockey; provided, however, that the District Referee-in-Chief may approve “local rule deviations” so long as such deviations do not materially or adversely affect the competition or create an unsafe playing condition.
- (4) Notwithstanding anything to the contrary contained herein, no provision of this paragraph H shall be deemed to require any Member, when participating in an Exclusive Amateur Hockey Organization Competition, to abide by any rule or regulation that conflicts with any rules or regulations of such Exclusive Amateur Hockey Organization Competition, as and to the extent set forth under the Amateur Sports Act.

2. AUTHORIZATION AND COMMITMENTS

A. *Amateur Sports Act*

USA Hockey has been designated as the “national governing body” for the sport of ice hockey by the United States Olympic Committee (“USOC”), pursuant to the Federal State Olympic and Amateur Sports Agreement, as amended (the “Amateur Sports Act”). As such, USA Hockey is obligated and committed to comply with all applicable provisions of the Amateur Sports Act, and has the power and authority specified therein.

B. *USOC Constitution*

(2) **Equal Opportunity**

USA Hockey will provide an equal opportunity to amateur athletes, coaches, trainers, managers, administrators, and officials to participate in amateur athletic competition without discrimination on the basis of race, color, religion, age, sex, or national origin, and with fair notice and opportunity for a hearing to any amateur athlete, coach, trainer, manager, administrator, or official as provided in Bylaw 10 herein, before declaring such individual ineligible to participate.

(3) USA Hockey will be governed by a Board of Directors whose members are selected without regard to race, color, religion, age, national origin or sex.

3. DISTRICT AND AFFILIATE ASSOCIATION JURISDICTION

Districts for supervision and operation of USA Hockey's activities will be established by the Board of Directors at its Annual Congress, subject to review and modification by the Board, at the Board's discretion, at its Annual Congress or at any of its Mid-Year Meetings or Special Meetings. Each District shall be composed of one (1) or more Affiliate Associations designated as such by the Board of Directors. Districts may organize themselves as 501(c)(3) non-profit corporations, subject to the approval of the Board of Directors of USA Hockey.

Districts shall account for all funds collected by the District or its programs, which funds shall be held by the District in trust and used solely for hockey programs of USA Hockey or the District or Affiliates within the District. Members of each Affiliate Association are required to be Registered Participant Members in good standing of USA Hockey. Except for Junior teams, and subject to the terms of its Affiliate Agreement, these Bylaws and the rules and regulations of USA Hockey, each Affiliate Association shall have the sole and exclusive power to determine the participation of its member teams, or other teams falling within its jurisdiction, in USA Hockey's district playoffs and national championships.
 - C.** If there is no existing state hockey association, USA Hockey's Board of Directors may grant approval for the teams in that state to register with, and participate in the Affiliate Association of another state or affiliate area.

The actual method of election must be approved by USA Hockey's Board of Directors. Proxy or Representative* voting may be permitted under rules subject to approval by USA Hockey's Executive Committee unless prohibited by state law.
- * *Nothing contained herein is intended to abrogate the right of a Registered Participant Member to cast his/her vote through a representative, nor is this provision intended to grant to a League, Local Association or Affiliate the right to cast votes in behalf of Registered Participant Members without providing notice of an election and a reasonable and good faith opportunity to vote for the Director of its choice.*
- E.** An Affiliate Association may have such other officers as may be decided under its own rules and procedures.
 - F.** USA Hockey shall not register, or recognize in any way, a Registered Participant Member that does not hold membership in the respective Affiliate Association or which is registered as a Junior team with the junior registrar.
 - G.** An Affiliate Association may charge membership fees in addition to USA Hockey's registration fees and dues, subject to paragraph M of this Bylaw 3 and subject to the terms of its Affiliate Agreement, provided that Affiliates shall not charge any Affiliate membership fees for players 6 years old and younger.

- H.** An Affiliate Association, in order to support its functions, may establish reasonable fees for all paid gate tournaments and other paid gate events to which admission is charged, subject to the terms of its Affiliate Agreement.

- K.** All teams of any Affiliate Association must abide by USA Hockey's playing rules unless altered pursuant to the provisions of paragraph H of Bylaw 1. A team is that organization, established by a local program or Affiliate, composed entirely of Registered Participant Members.
- L.** All games hosted by an Affiliate Association's teams in the United States must be officiated by properly registered USA Hockey officials. Exceptions to this requirement may only be granted by the District Referee-in-Chief of the district in which the game is to be played, and only under "emergency situations" or when using international officials.

10. DISPUTE RESOLUTION, DISCIPLINE, ARBITRATION

A. *Dispute Resolution*

(1) General

All claims, demands, discipline or disputes (“Disputes”) arising by and between Parties, as defined in Section 10. B below, shall be subject to the provisions of this Bylaw 10 and this Bylaw shall constitute the sole and exclusive remedy for dispute resolution.

(2) Purpose

It is the specific purpose of this Bylaw 10 to provide a uniform method of resolving Disputes that is a full and complete substitute for any court proceedings and that utilizes the specific skills, expertise and background of individuals experienced in the sport of hockey and sports administration. The procedures herein are referred to collectively as the “Dispute Resolution Procedure.”

(3) Failure to Follow Procedure

All Parties agree to abide by this Dispute Resolution Procedure. Failure to abide by the Dispute Resolution Procedure shall, in addition to any other sanctions allowed by these Bylaws:

C. Unified Procedure

(1) General

Except as may be permitted in Bylaw 10.D. and 10.F. below, no Party may be suspended from participation or otherwise disciplined for any

alleged violation of these Bylaws, USA Hockey Rules and Regulations, Policies, Codes of Conduct and Ethics or any such Bylaw, Rules and Regulations, Policies, Codes of Conduct and Ethics of an Affiliate Association, league, club, sponsor, facility or other group or organization, unless a hearing has been held prior to the action being taken according to the provisions of this Unified Procedure. A Registered Participant Member, Allied Member or other person within the jurisdiction of USA Hockey may be subject to Discipline in accordance with this Unified Procedure for violation of the Applicable Rules or for conduct unsuitable for the sport of ice hockey.

(2) Purpose

It is the purpose of this Unified Procedure to provide Parties a fair hearing (a) prior to being subject to Discipline, which shall include reasonable notice of the grounds for the proposed Discipline, and (b) to contest an Administrative Action, which hearing shall include reasonable opportunity to prepare and present their case and argument in accordance with these rules, including the opportunity to call witnesses and present evidence, the opportunity to see all evidence intended to be used at the hearing and cross examine witnesses and to be assisted by counsel at the hearing.

(3) Hearing Procedure

(a) Hearing Panel

The Disciplinary Authority considering issuing any Discipline, or upon demand by a Party contesting a suspension or other disciplinary action where no hearing was held, or desires to contest an Administrative Action, shall appoint a hearing panel of a minimum of three reasonably disinterested and impartial persons to conduct the hearing. In cases involving coaches and referees the District or Affiliate Association Referee-in-Chief or Coach-in-Chief, as appropriate, or his/her designee, shall serve on the hearing committee.

(b) Hearing Timing

The hearing panel shall hold the hearing no later than thirty (30) days after its appointment unless a later date is agreed upon by the Parties and approved by the hearing panel.

(c) Hearing Notice

Not later than seven (7) days before the hearing date, the hearing panel shall provide written notice to all interested Parties of the time and place of the hearing, the manner in which the hearing will be conducted, the grounds for any proposed suspension, discipline or Administrative Action, the possible consequences of an adverse finding, and the issues to be resolved by the panel.

(d) Hearing Location

Subject to the provisions of the following subsection (e), the hearing panel shall make every reasonable effort to convene the hearing in a location accessible to all the Parties.

(e) Conduct of Hearing

The hearing panel may in its discretion hold a formal or informal hearing, in person or by telephonic conference call or video conference, hear any evidence it believes is relevant to the issue(s) before it, place limits on time, evidence and documentation, have witnesses or written statements and establish other hearing rules so long as the Parties are informed of the established procedures, each Party has a reasonable opportunity to present its case and argument in accordance with the hearing panel's rules, and each Party is treated in a substantially equal manner. The Rules of Evidence in judicial proceedings shall not apply in the hearing. The Parties may be represented by counsel of their choosing at their own expense, provided that the hearing panel may set rules for the involvement of counsel in the hearing. If the hearing panel has not made arrangements for a record of the proceedings, a Party may at its own expense create a stenographic or other record of the proceedings and must inform the hearing panel prior to the hearing of any arrangements so made. A copy of any such record created by or for a Party shall be provided at such Party's cost to the hearing panel. Other Parties will be permitted to secure a copy of the record in the normal course at their own expense.

(f) Burden of Proof

In order to impose a suspension or discipline, the hearing panel must make a finding supported by a preponderance of the evidence (i.e., more likely true than not true) that the Party violated an Applicable Rule. The Disciplinary Authority proposing the Discipline shall have the burden of proof and shall present evidence to support the suspension or discipline by a preponderance of the evidence. In the case of an Administrative Action, the burden of proof shall be on the Party challenging the Administrative Action to prove by a preponderance of the evidence that the Administrative Action was made in an arbitrary or capricious manner or was not supported by the facts. In a contest of an Administrative Action, only the evidence presented to or considered by the Party taking the Administrative Action shall be presented and considered by the hearing panel.

(g) Decision

The hearing panel shall use reasonable efforts to (i) render its decision within five (5) business days of the completion of the hearing or the closing of the record whichever is later, and (ii) prepare and deliver a written decision to the Parties within fifteen (15) business days of the completion of the hearing or the close of the record whichever is later. The written decision shall contain findings of material facts, conclusions, the order of the hearing panel and a statement of any right of appeal a Party may have as a result of the decision. Delivery of the decision to the Parties may be made by first class mail or other delivery service or electronic mail in the discretion of the hearing panel.

(h) Scope of Hearing Panel Decision

Unless explicitly excepted by another provision of these Bylaws, the decision of the hearing panel shall be (i) in effect only for the program governed by the Disciplinary Authority and (ii) subject to appeal as set out in Bylaw 10.E. and any further review provided for in the governing documents of USA Hockey or the appropriate Affiliate Association. If the Disciplinary Authority wishes to extend any suspension or discipline it ordered beyond its program, it must notify, as applicable, the state or Affiliate Association. If the suspension or discipline is imposed by a state or Affiliate Association, or if a local Disciplinary Authority's decision is affirmed by a state or Affiliate Association, and the state or Affiliate Association wishes to extend the scope of the hearing panel's decision beyond the state's or Affiliate's jurisdictional geographic area, it may only do so by submitting a written request to do so and a copy of the written Disciplinary Authority's and/or Appeal Authority's decision to the Executive Director of USA Hockey, who shall advise all other Affiliate Associations of the suspension or Discipline and upon such notice the suspension or Discipline shall be in effect for all Affiliate Associations.

D. Exclusions from Unified Procedure**(1) General**

As a matter of policy, law and practicality, there are matters that at least initially do not or should not be subject to the Unified Procedure. Any matter not specifically excluded from the Unified Procedure shall be covered by the Unified Procedure.

(2) Purpose

It is the purpose of this Bylaw 10.D. to distinguish those disputes and actions that do not require a hearing prior to imposing a suspension or discipline or that require different procedural handling and safeguards, and to set them out separately in order to highlight any uniqueness such disputes and actions may possess.

(3) Exclusions**(a) Summary Suspensions**

A Summary Suspension may be imposed by any Disciplinary Authority only in those cases where a Party has been arrested for a crime alleged to have been committed, a Party has assaulted another or violated the USA Hockey SafeSport Policy, including such abuse between adults, or other violations of USA Hockey Policies set forth in the Annual Guide or comparable Policies of Affiliate Associations that are in writing and have been approved by USA Hockey.

Any such Summary Suspension must be in writing and given to the suspended Party and the writing shall inform the Party of his or her right to request a hearing. The suspended Party must submit a request for a hearing of a Summary Suspension within seven (7) days of the Party being notified of the suspension. Any hearing

following a Summary Suspension shall be conducted according to the provisions of the Unified Procedure.

(b) Playing Rules Suspensions

Any Playing Rules Suspension does not require a hearing except that, in the event of the imposition of a match penalty as defined in the Playing Rules, a hearing must be offered to be held as set forth in the Playing Rules, and the terms and length of the Party's suspension shall be as set forth in the Playing Rules unless modified or revoked by the hearing panel. Any hearing for a match penalty shall be conducted according to the Unified Procedure; provided that, in the case of a match penalty being imposed in a district or national championship tournament, the hearing will be conducted immediately after the game in question by the on-site USA Hockey personnel. All applicable game scoresheets and referee reports must be presented to the hearing panel and made available to the Party subject to suspension. Any Playing Rule Suspension shall remain in force and effect and be final unless modified or revoked at a hearing, except that if the hearing is not held within 30 days of the incident together with a decision in accordance with the Unified Procedure, the suspended Party shall be automatically reinstated after the 30-day period. The failure to offer the hearing shall not prohibit the hearing body from conducting the hearing after the 30-day period and thereafter imposing further disciplinary action.

(c) Officiating Suspensions

The applicable state association or league or local supervisor of officials shall have the authority to suspend a referee up to ten (10) days without a prior hearing. The state association or Affiliate Association shall have the authority to suspend a referee after a hearing (held in accordance with the Unified Procedure) or in accordance with the Summary Suspension procedures.

Any official(s) who boycotts any game(s) due to any disciplinary action taken or not taken by a Disciplinary Authority shall subject said official(s) to Discipline in accordance with the Unified Procedure conducted by the organization subjected to said boycott.

USA Hockey does not recognize officials organizations. However, if any registered USA Hockey official is restricted or denied assignment eligibility for any USA Hockey game by an officials' organization or group of officials ("Officials' Organization"), except for good cause shown in accordance with the Officials' Organization written rules and then only for a very limited duration without a hearing as provided herein, then said Officials' Organization shall be subject to suspension or expulsion in accordance with the rules and regulations herein and that restriction or denied assignment shall have no effect.

(d) Assault on Game Official

Assaults on Game Officials are violations of USA Hockey Playing Rules and as such are subject to the provisions for Playing Rules Suspensions. In the event of a match penalty for assault on a game official, the offending Party shall be immediately suspended from all USA Hockey sanctioned activity and if such penalty is affirmed after a hearing, the offending Party shall be suspended for not less than one calendar year with one year calendar year probation thereafter. In the cases of match penalties for assault on a game official, the governing state association or Affiliate Association, its designated hearing body, or the Junior Council sanctioned league shall exercise original jurisdiction in such matter. Suspensions for assault on a game official shall be immediately reported to the applicable Affiliate Association(s), and the appropriate registrar(s). Any game official assessing said penalty shall file with his/her USA Hockey District Referee-in-Chief a written game report within forty-eight (48) hours of the incident. The District Referee-in-Chief shall immediately investigate the incident and promptly submit a written opinion, together with the game sheets and reports to the applicable Disciplinary Authority, indicating whether the incident is applicable under Rule 601(f)1 or is more applicable under a different playing rule. A copy of the Referee-in-Chief's written report and opinion shall be sent by the Disciplinary Authority to both the player, team official and game official involved. The Registrar may accept a registration subject to the terms of this suspension.

(e) High School, College Club Hockey or Other Members

A high school program or college club hockey program that is a member of USA Hockey but where membership and eligibility issues are determined pursuant to rules, regulations and dispute resolution procedures of a national, state or district interscholastic athletic organization, shall not be subject to the Unified Procedure to the extent that such organization's rules, regulations and dispute resolution procedures also address the matter.

(f) National Team, Protected Competition Participant

Any Party that may be subject to suspension, discipline or Administrative Action and who is a Protected Competition Participant including members of a national team such as players, coaches, managers and team leaders that is scheduled for international competition within thirty (30) days of the event that forms that basis for a possible suspension, discipline or Administrative Action, shall be subject to the jurisdiction of USA Hockey under the procedures in this subsection f.

Within twenty four (24) hours of the event that forms the basis of any proposed discipline or the proposed imposition of discipline whichever is later, either the Party proposing the discipline or the Protected Competition Participant shall inform the Executive Director of USA Hockey of the event and/or the proposed

discipline. Upon referral of the matter to USA Hockey no further action shall be taken by any Party.

The Executive Director of USA Hockey shall, within twenty-four (24) hours of being notified by a Party relative to a Protected Competition Participant, initiate a preliminary review of the matter to determine whether there exists probable cause (i.e. evidence more likely than not) to believe that the Protected Competition Participant has engaged in conduct or committed acts, if proved to be true, that may warrant disciplinary action which would prevent the Protected Competition Participant from participating in Protected Competition.

The preliminary review shall be conducted by an impartial hearing officer appointed by the Executive Director in consultation with USA Hockey Legal Counsel within five (5) days of his/her appointment. He/she shall conduct a review informally in his/her sole discretion in a manner, time and place accessible to the Protected Competition Participant. The review may be in person or by telephonic conference call or video conference. The Rules of Evidence shall not apply but the Protected Competition Participant shall be given reasonable notice of the grounds of the proposed discipline, the opportunity to prepare and defend his/her case and to have assistance of counsel if so desired.

It is the purpose of this preliminary review to expedite the resolution of the matter. Any Party refusing to participate or who unreasonably delays the review shall waive any rights in the hearing or review process and shall not be entitled to appeal any adverse finding.

The hearing officer shall make his/her decision within five (5) days of completing the review. Upon a finding of probable cause by the hearing officer that the Protected Competition Participant has engaged in conduct that warrants disqualification from Protected Competition, he/she shall verbally inform the Executive Director of USA Hockey and the Participant within twenty four (24) hours and reduce such findings to writing no later than five (5) days thereafter and such written decision shall specify the facts upon which the hearing officer has based the decision and inform the Protected Competition Participant of his/her right to request a full hearing on the matter.

In order to request a full hearing, the Protected Competition Participant must make a demand for a hearing to the Executive Director of USA Hockey within five (5) days of receiving the written decision. Notwithstanding the foregoing, the Protected Competition Participant shall also be entitled to exercise his/her rights under the current appropriate governing documents of the USOC, which shall include at least the USOC Bylaws. Failure by the Protected Competition Participant to demand a full hearing or to exercise rights under the appropriate governing documents of

the USOC shall entitle the Executive Director of USA Hockey in his/her discretion to exclude the Protected Competition Participant from Protected Competition or to end USA Hockey's supervision of the matter and allow any Party to proceed with imposition of discipline.

A full hearing demanded by a Protected Competition Participant after a finding of probable cause shall be conducted in accordance with the provisions of the Unified Procedure except that the Unified Procedure will be supervised by the Executive Director of USA Hockey and the hearing panel shall include, at a minimum, a member of the Legal Council of USA Hockey, a member of the International Council of USA Hockey, an Athlete Director if an athlete is involved, a coach if a coach is involved, an official if an official is involved, and two disinterested and impartial individuals chosen by the Executive Director. The Protected Competition Participant or any other Party in interest may request an expedited hearing process and the hearing panel must attempt to comply with any such request.

(g) Doping, Protected Competition Participants

All Protected Competition Participants and USA Hockey, Inc. shall be subject to the applicable provisions of the USOC National Anti-Doping Policies, and the USOC agreement with the USADA, and its enforcement of the USADA Protocol for Olympic Movement Testing, which procedures and policies have incorporated the provisions of the World Anti-Doping Code. Such Participants shall be further subject to doping guidelines as may be promulgated from time to time by the International Ice Hockey Federation (IIHF), and the International Olympic Committee (IOC) and any agreements between USA Hockey and these entities relative to doping.

No athlete or athlete support personnel shall be denied eligibility within the meaning of this subparagraph (g) without first being afforded the opportunity for a hearing pursuant to the USADA Protocol for Olympic Movement Testing ("USADA Protocol"), or the hearing provisions of this Unified Procedure.

(h) Unified Procedures Not Applicable to Financial Disputes

Disputes concerning liability or damages arising from personal injury claims and disputes concerning dues and fees between Parties are not subject to the Unified Procedure, provided that the existence of a debt to an Affiliate Association or local organization may be grounds for the issuance of Discipline in connection with such matter.

E. Appeals

(1) Right to Appeal

Any Party that is suspended, otherwise disciplined or subject to an Administrative Action may, after a hearing or failure to have a hearing in accordance with the Unified Procedure, appeal such action as follows:

(a) Suspensions

Playing Rule Suspensions or suspensions for violations of bylaw and/or rules of local, league or District organizations, or by a committee of a state association or an Affiliate Association shall be appealable to the Board of Directors of the state association or where no state organization exists to the Affiliate Association's Board of Directors or the designated committee of such Board of Directors (the "Appeal Authority"). Upon the written appeal of any Party whose suspension has been upheld by a state or Affiliate Association, the Executive Committee of USA Hockey shall allow an appeal of such suspension to be determined by it pursuant to the provisions of this appeal procedure, provided that the appealing party shall have the burden of production and of proving that the Appeal Authority committed a gross abuse of discretion. The Executive Committee may delegate or assign the matter to a sub-committee for a review and recommendation in the matter. The Executive Committee shall decide any appeal before it at its next regularly scheduled meeting and shall render its decision within a reasonable period thereafter.

(b) Appeals Not Involving Suspensions

Appeals of Administrative Actions or other disciplinary action which do not involve suspension shall be appealed to the Board of Directors of the state association or where no state organization exists to the Affiliate Association's Board of Directors or the designated committee of such Board of Directors. There shall be no further appeals of Administrative Actions or other disciplinary actions not involving a suspension.

(c) Officials

Officials may appeal a suspension, other disciplinary action or an adverse Administrative Action if by a state association, USA Hockey District Referee in Chief or local supervisor of officials to the applicable Affiliate Association. If the official has been disciplined by the Affiliate Association or if the Affiliate Association has affirmed the discipline previously imposed, the official may appeal the discipline to a committee consisting of the National Referee in Chief, a District Director from the District to which the Affiliate belongs and a third impartial individual selected by those two. The procedures authorized by this Bylaw 10.F. shall be the exclusive mechanism for the resolution of the following matters:

- (a) National suspensions and expulsions of an Affiliate Association, or state or local association;
- (b) Disputes between USA Hockey and an Affiliate Association, including alleged breaches of the Affiliate Agreement between USA Hockey and an Affiliate Association; and
- (c) Challenges by a third party, other than USA Hockey, to an Affiliate Association's status with USA Hockey.

Any suspension, expulsion or other discipline of an individual member of USA Hockey does not fall under this Bylaw 10.F. and shall be governed by the other applicable provisions of this Bylaw 10.

(2) National Suspensions and Expulsions

Violation of these Bylaws or the Applicable Rules, or conduct unsuitable for the sport of ice hockey, by any Affiliate Association or

state or local association of USA Hockey, or breaches of the Affiliate Agreement between USA Hockey and an Affiliate Association, may subject such organization to suspension or expulsion from USA Hockey by the Executive Committee of USA Hockey.

(a) Appointment and Recommendations of the Special Committee; Hearing by Executive Committee

Upon receipt of written notice describing such violations, the Executive Committee shall appoint a special committee to investigate such matters and report to it in writing its findings of material facts, conclusions and recommendations to remedy the violations. If the recommendation of the special committee is suspension or expulsion of the offending party, the Executive Committee shall hold a hearing to allow the offending party to present such evidence as the offending party deems pertinent to the issues before the Executive Committee. If the recommendation of the special committee is not suspension or expulsion of an Affiliate Association (if an Affiliate Association is the offending party), then the dispute process shall be governed by Bylaw 10.F.(3) and the written recommendation of the special committee shall constitute the written notice of dispute required by Bylaw 10.F.(3)(a).

(b) Action by Executive Committee

Following the hearing, in closed session, the Executive Committee may take action to suspend or expel the organization from USA Hockey, or any of its activities, by a two-thirds majority vote. Any such suspended or expelled party shall have the right to appeal such decision to the Board of Directors of USA Hockey at its next regularly scheduled meeting. If the Executive Committee does not vote to suspend or expel the offending party, but instead, by majority vote, takes other action with respect to the offending party, such party shall have the right to appeal such decision to the Board of Directors of USA Hockey pursuant to Bylaw 10.F.(3)(d)-(f). The decision of the Executive Committee shall be in writing and contain findings of material facts, conclusions and the order of the Executive Committee.

(c) Appeal to Board of Directors

Pending the decision of the Board of Directors on such appeal, the suspension or expulsion shall be held in abeyance. To sustain the action of the Executive Committee or to take any other action to suspend or expel the offending party, a two-thirds majority vote of the Board of Directors shall be required. If the Board does not vote to suspend or expel the offending party, the Board may take such other action against the offending party as the Board determines by a majority vote of the Board of Directors.

(d) Appointment of Trustee

If the appealing party is an Affiliate Association, the Board shall have the authority, upon suspension, to appoint a trustee to administer and oversee the operations and affairs of the Affiliate until such suspension is terminated or the Affiliate Association is in good standing.

(3) USA Hockey and Affiliate Association Disputes

Disputes between Affiliate Associations and USA Hockey, including, without limitation, disputes regarding the construction, interpretation and/or application of these Bylaws; the Applicable Rules or the Affiliate Agreement between USA Hockey and the Affiliate Association; directives USA Hockey requires an Affiliate Association to observe; or any recommended remedies proposed by the special committee pursuant to Bylaw 10.F.(2)(a) that do not involve suspension or expulsion of an Affiliate, shall be resolved as follows:

(a) Appointment of Special Committee

Upon written notice of a dispute to the Executive Committee, which may be given only by the President of USA Hockey and/or the president of the disputing Affiliate Association (or their respective acting substitutes) and which notice shall reasonably describe the dispute, the Executive Committee shall promptly appoint a special committee to resolve such dispute. The special committee may determine such procedures, rules and timing itself or, in its discretion, in consultation with the disputing parties. In determining such procedures, rules and timing, each party shall be treated equally. The special committee shall notify the parties in writing of the applicable procedures, rules and timing in order to commence the special committee's consideration of the dispute. The special committee shall act with reasonable promptness.
2. The special committee shall render a written decision which shall contain findings of material facts, conclusions and the order of the special committee. If the order of the special committee recommends the suspension or expulsion of the Affiliate Association, such recommendation shall be considered by the Executive Committee pursuant to Bylaw 10.F.(2) as if the special committee had made such

recommendation to the Executive Committee under Bylaw 10.F.(2)(a). In such event, the member of the Executive Committee that served on the special committee may participate but shall not have a vote in the Executive Committee's determination under Bylaw 10.F.(2)(a), unless such member's vote is necessary to break a tie or other deadlock in voting.

(c) Appeal to Executive Committee

If the order of the special committee does not recommend the suspension or expulsion of the Affiliate Association, then within ten (10) business days of the special committee's delivery of its written decision, a disputing party may appeal the order of the special committee to the Executive Committee, who may sustain, modify or overturn the order of the special committee by a majority vote. The member of the Executive Committee that served on the special committee may participate but shall not have a vote in the Executive Committee's determination of the appeal, unless such member's vote is necessary to break a tie or other deadlock in voting. The Executive Committee's decision shall be in writing and shall contain findings of material facts, conclusions and the order of the Executive Committee.

(d) Appeal to Board of Directors

A disputing party may appeal the decision of the Executive Committee to the Board of Directors of USA Hockey at its next regularly scheduled or special meeting, which may sustain, modify or overturn the order of the Executive Committee by a majority vote of the Board of Directors. The President of USA Hockey or his/her designee shall determine whether to call a special meeting of the Board of Directors and, if a special meeting is determined to be held, the means by which the meeting shall be held (e.g., written submissions, telephonic or other electronic means, etc.). A disputing party shall deliver notice of its appeal to the President of USA Hockey for inclusion on the Board of Directors' agenda by the earlier of ten (10) business days after the Executive Committee's delivery of its written decision or the start of the next Board of Directors' meeting.

(e) Appeal Rules

1. The appealing party shall submit, at a minimum, a written statement of why the order of the special committee or Executive Committee, as applicable, should be modified or overturned (the "Statement of Appeal"). The Statement of Appeal shall also include the written order(s) of the special committee and Executive Committee, as applicable, and any other information as may be requested by the appeal authority. A copy of the Statement of Appeal shall be delivered to the special committee and Executive Committee, as applicable.

2. In any appeal, the appeal authority shall consider only (i) the evidence and theories presented to the special committee for its consideration prior to the rendering of its decision, and (ii) the written decisions by the special committee and Executive Committee, as applicable.

(f) Effectiveness of Order

The order of the special committee shall be in effect unless and until it is modified or overturned by an appeal to the Executive Committee, and the order of the Executive Committee shall be in effect unless and until it is modified or overturned by an appeal to the Board of Directors, as applicable.

G. Arbitration

(1) Purpose

It is the specific purpose of Bylaw 10.G to provide for a uniform method of resolving all disputes which utilizes the specific skills, expertise and background of people experienced in hockey and sports administration matters ("Arbitration Procedure").

(2) Scope

Any party aggrieved by a final decision of a governing body as defined herein shall be entitled to demand that the dispute be subject to arbitration pursuant to the procedure set out in this Section 10.G.

This arbitration procedure may also be used to challenge the construction, interpretation and application of a governing body's Bylaws, Rules and Regulations and the authority, relationship and arrangements by or among any governing body(ies) if a governing body has rendered a final decision relative to same.

A "final decision" shall mean the party requesting arbitration shall have exhausted all administrative remedies available to it, including without limitation shall have taken all steps, had hearings locally, and have received a final decision from the USA Hockey Affiliate organization. Failure to take all administrative steps necessary in order to demand

arbitration is a jurisdictional requirement and shall be a bar to claiming arbitration.

The term "governing body" shall mean any board of directors, director, officer, employee, agent or other duly authorized representative or committee of USA Hockey, its registered team members, allied members, Affiliate associations, state associations and their local associations or leagues.

(3) Exceptions

The provisions of this Section 10.G. shall not apply to any decisions involving:

- (a) playing rules;
- (b) officiating;
- (c) doping and/or use of illegal substances;
- (d) national suspension or expulsion, disputes between USA Hockey and an Affiliate Association, and challenges to an Affiliate Association's status, performance or function, which are governed by Bylaw 10.F. above;
- (e) any matter which **may be or** has been appealed to the Executive Committee of USA Hockey **under the provisions of this Bylaw 10;**
- (f) those decisions specifically excepted by any other provisions of these Bylaws;

- (h) a challenge to any Discipline imposed under Bylaw 10.**

(4) Commencement of Arbitration

The last decision of a state association or an Affiliate Association which exhausts that state association's or Affiliate Association's dispute process shall be final and binding on the parties unless arbitration is timely commenced in accordance with this Bylaw 10.G.(4).

The party initiating arbitration shall file a written Petition for Arbitration that contains the following information:

- (a) identifying the name of the petitioning party and the governing body and the decision being appealed;
- (b) the date of the said decision;
- (c) a description of all administrative steps taken and the exhaustion of all appeals processes;
- (d) a concise and specific statement of the issues to be arbitrated;
- (e) a statement of reasons as to why the decision should be reversed or modified;
- (f) the relief sought; and
- (g) the required bond.

The Petition shall be no longer than ten (10) typed double-spaced pages with a font size no smaller than twelve (12) point. Exhibits to support the Petition may be attached and shall include a copy of the decision appealed from and any relevant governing documents.

The Petition shall be filed with USA Hockey's Vice President, Chair of the Legal Council ("Chair, Legal Council ") and USA Hockey's business office in Colorado Springs, Colorado, and shall be served on all named parties, no later than fourteen (14) days from the date of the decision that is the subject of the Petition. Filing shall be deemed to have occurred upon receipt of the Petition by USA Hockey's business office in Colorado Springs, Colorado. Filing, and responses, may be accomplished by surface mail, courier, electronic mail, or facsimile to the proper persons.

(5) Response

Any responding party to the Petition shall file its response in the same manner and which shall meet the same requirements set out in Paragraph (4) above upon all other parties within fourteen (14) days of receipt of the Petition. Any named party not responding within the time period above shall continue to be a party to the arbitration, but shall have no further right to assert any rights, defenses or claims in the arbitration.

(6) Selection of Arbitrators

An arbitration panel ("panel") shall consist of three (3) arbitrators unless it is determined by the Arbitration Supervisor (defined below) that the number of parties and/or interests requires a different number of arbitrators as set out in Paragraph (8)(b)(5) below.

Within seven (7) days of the petitioning party and the responding party(ies) receiving notice from Chair, Legal Council that the responding party(ies) responses have been received, each party shall identify its choice of arbitrator to the other parties. Neither the Petitioner(s) nor any other named parties may serve as an arbitrator(s). The arbitrators so chosen will between them identify the neutral arbitrator(s) from names submitted to each other no later than seven (7) days from the date of the submission of the neutral arbitrators' names. In the event that the arbitrators selected by the parties are unable or unwilling to name the neutral arbitrator(s), the Arbitration Supervisor may choose the neutral arbitrator(s) from among the list of neutral arbitrators, or if no neutral arbitrators are proposed by the arbitrators appointed by the parties, then as such neutral arbitrator(s) may be selected by the Arbitration Supervisor.

Upon appointment of all arbitrators, the arbitrators shall inform the Arbitration Supervisor when the panel is formed. Prior to the forming of the panel, no party to the arbitration may file any temporary or preliminary motions or requests to the panel requesting interim relief.

A party's refusal or failure to nominate or select any arbitrator within the time limits provided shall cause it to forfeit its right to such selection and the arbitration shall proceed with those arbitrators so

chosen, except that in the case of the Petitioner's refusal or failure to so nominate or select the Petition for Arbitration shall be dismissed by the Arbitration Supervisor.

(7) Qualification of Arbitrators

All arbitrators shall have experience and knowledge about the organization and administration of amateur ice hockey in the United States and the sport of ice hockey itself, specifically including present or former athletes who played the sport of ice hockey and those who have demonstrated experience and involvement with national, Affiliate, state, or local ice hockey organizations. All neutral arbitrators shall be independent and objective. Officers, directors or employees of USA Hockey may not serve as neutral arbitrators.

(8) Supervision of Arbitration

(a) The arbitration shall be supervised by the Chair, Legal Council, or his/her designee (the "Arbitration Supervisor"), who shall be an individual identified in Section 8(d). The Arbitration Supervisor shall supervise, but not take part in the arbitration. The Arbitration Supervisor shall promptly review the parties' submissions and determine if the matter is properly arbitratable under this Bylaw and may make any decision or ruling, or take any action that the Arbitration Supervisor determines in his/her sole discretion is necessary for the prompt and proper conduct of the arbitration.

Any decision of the Arbitration Supervisor, that the matter is not arbitratable, or in any other way terminates the entire proceeding, shall be immediately appealable to the Executive Committee as provided in Section 10.E.(1)(a) of this Bylaw 10.

- (b) Except as noted above, all of the decisions and actions of the Arbitration Supervisor shall otherwise be final and non-appealable. Such decisions and actions shall include without limitation:
1. confirming the correct parties to the arbitration and adding, removing or realigning parties as appropriate and necessary within the exercise of his/her sole discretion;
 2. determining that the issues as set out by the parties are appropriately subject to this arbitration procedure and that the initial submissions of the parties are complete and filed in a timely fashion;
 3. informing the parties in writing that the arbitration has been initiated and that they should choose their arbitrators;
 4. in the event the parties cannot agree on a neutral arbitrator, appoint a neutral arbitrator;
 5. if there are more than two parties to the arbitration, determine the appropriate number of arbitrators for the panel, including the number of neutral arbitrators to ensure that no

party, or combination of parties, to the dispute can control the decision in the absence of the vote of the neutral arbitrators;

6. confirm, restate, modify, delete or otherwise frame the issues to be arbitrated; and
 7. inform the parties that the arbitration is ready to proceed.
- (c) Failure to timely comply with the Chair, Legal Council's or the Arbitration Supervisor's directions and/or to file an appeal with the Executive Committee shall terminate the arbitration procedure and the immediately preceding administrative decision shall be final and binding on all parties.
- (d) When USA Hockey is named in the arbitration and is a real party in interest to the arbitration, the Chair, Legal Council shall not serve as the Arbitration Supervisor and shall appoint as his/her designee to be the Arbitration Supervisor an independent and objective person with at least five (5) years experience in supervising or arbitrating commercial arbitrations. The appointed Arbitration Supervisor shall have the authority as set out in this section 8.

(9) Hearing

Once the panel has been formed and Arbitration Supervisor has been informed of that fact and confirmed that the arbitration is ready to begin, the arbitrators should conference in a manner of their choosing and determine how the panel will conduct the hearing on the arbitration. The panel will determine whether it will proceed upon the submission of documents, take testimony in person, place limits on time for submission of evidence, the rules of evidence to be applied and establish a procedural order for the hearing to be completed. The panel shall not conduct a de novo investigation or hearing but shall be limited to the record of the matter before it. The panel shall not entertain any theories or evidence that have not been decided or submitted to the body that decided the issue being arbitrated.

The panel shall render a written decision within twenty (20) days from the date of the completion of the hearing unless a majority of the panel determines this time frame should be extended. The decision shall be in writing and shall set forth findings of fact along with the reasoning and conclusion of the panel.

(10) Burden of Proof

The party that has filed the Petition for Arbitration shall have the burden of proof to present sufficient evidence and to persuade the panel by clear and convincing evidence to uphold its appeal. The panel may make inferences and presumptions from the evidence presented to it or from the failure to produce available evidence, materials or witnesses.

(11) Standard for Determination

In making its determination and deciding the matter before it, the panel shall be limited to deciding whether in the decision being appealed that:

- (a) there was an abuse of discretion by the governing body; and
- (b) the governing body acted in an arbitrary and capricious manner; and
- (c) but for such actions, a different result would have resulted.

(12) No Appeal

The decision of the panel, and where called for in this Section 10(I), decisions of the Chair, Legal Council and/or Arbitration Supervisor, shall be final and not subject to further appeal.

(13) Bond/Expenses

A bond in the form of a certified check in the amount of \$1,000 (or such higher amount as may be determined by the Chair, Legal Council), and in a form determined by Chair, Legal Council, and made payable to USA Hockey, Inc., shall accompany the Petition for Arbitration. The Chair, Legal Council or the Arbitration Supervisor may set any other bond requirements for the Petitioner and other parties in his/her sole discretion.

The panel may determine in its discretion to assess costs or attorney fees against the party that does not prevail. The prevailing party may petition the panel for such assessment of costs after the panel's decision is rendered. Any costs so assessed may be deducted from the posted bond(s) by USA Hockey, Inc. and distributed according to the instructions of the panel.

H. Exception to Internal Arbitration – AAA Arbitration – United States Olympic Committee and Protected Competition

Notwithstanding anything to the contrary contained in Bylaw 10.I or in USA Hockey's Rules and Regulations:

- (1) Upon demand of the USOC, USA Hockey agrees to submit to binding arbitration conducted in accordance with the commercial rules of the American Arbitration Association, any controversy involving its recognition as a national governing body, or involving the opportunity of any amateur athlete, coach, trainer, manager, administrator or official to participate in amateur athletic competition, as provided in the USOC Constitution and the USOC's Bylaws, and
- (2) No action on behalf of USA Hockey shall be made, or shall be deemed to have been made, which denies or threatens to deny, in violation of approved selection criteria, any amateur athlete the opportunity to compete in Protected Competition.

(1) Laws of Colorado Apply

The laws of the State of Colorado (except for any conflict of laws provision that may apply another state's law) shall govern;

- (2) **Deference to Governing Body Expertise**
The constructions, interpretations, rulings, procedures, decision and opinions of the Governing Bodies, their directors, officers and other duly authorized personnel, and local sub-affiliates shall be deferred to as being the product of its experience and judgmental expertise in hockey and in the administration of that hockey. In the event of a conflict in construction, interpretations, rulings, decisions and opinions between Governing Bodies and/or sub-affiliates, they shall be given precedence in the following order: USA Hockey, Affiliate Association, regional, state sub-affiliates and then local, sub-affiliates, with USA Hockey being considered the highest authority;
- (3) **Other Reasonable Inferences Not Controlling**
The fact that another reasonable inference or interpretation could be made will not be grounds for overruling or modifying a decision of a Governing Body (including its duly authorized personnel);
- (4) **Limitation on Evidence and Theories to Original Hearing**
Only the evidence and theories explicitly presented to the original Governing Body or sub-affiliate for its consideration prior to the rendering of the initial decision by that Governing Body or sub-affiliate shall be presented or considered in court;
- (5) **Burden of Proof**
The burden of proof shall be on the party attempting to have any decision or action of a Governing Body (including its duly authorized personnel) and/or sub-affiliate reversed, modified or changed in any way, and that burden shall be the equivalent of the highest degree of proof required in any civil proceeding;
- (6) **Governing Bodies/Volunteers/Costs**
Given the fact that the Governing Bodies and sub-affiliates are not-for-profit organizations administered by volunteer effort, each party that is not successful in overturning in its entirety a procedure, ruling or other decision of a Governing Body, shall pay for any and all fees, expenses and other costs of the Governing Body (including its sub-affiliates) with respect to that matter (including, but not limited to: attorney's fees, court, court reporter, transcript, document and exhibit costs; fees and expenses of consultants, experts, investigators and witnesses, and in obtaining or producing materials or evidence, transportation and other per diem and incidental expenses of each of the foregoing and of all volunteers; and, the value of each volunteer's time, both in and out of court, as measured by that individual's customary work position).

E. Additional Requirements

For additional requirements for National Championship bound teams, see Section IX: District Playoffs and National Championships.

III. TEAM MEMBERSHIP AND REGISTRATION

A. *Membership*

Except for Juniors, all teams of USA Hockey member programs must register with USA Hockey in a manner prescribed by the appropriate district registrar. All national championship bound teams shall be required to use the official USA Hockey roster registration form (1-T). Affiliates and leagues may also require the USA Hockey roster registration form (1-T) for specified teams. In some instances, a simple listing of players and coaches may comprise an approved roster. All applicants for team membership must be members in good standing of an affiliate.

Junior registration for players, coaches, teams, leagues and referees shall be as provided in Section XI: Junior Hockey.

B. *Registration*

The team roster registration form (1-T) shall be completed and forwarded to the official district registration office by the appropriate date as set forth in the USA Hockey Annual Guide of the current playing season for teams eligible for district playoffs and national championships.

The team roster registration form (1-T) shall not be effective until the earlier to occur of; a) the date it is received by the official district registration office, or b) the date of the postmark by the U.S. Postal Service, regardless of the date that appears on the team roster registration form.

A limit of twenty (20) players at any one time may be registered per team except for high school, girls' high school, college and women's college who may roster 30 players and may dress 20 players and, adult and women's teams who may roster 25 players and may dress 20 players (see Section XI: Junior Hockey for junior roster limits). A player may be registered in only one (1) national ice hockey federation.

A team must register in the USA Hockey affiliate or district in which 80% or more of its players reside; otherwise, if 80% of the players do not reside in a single affiliate/district, it must register in the affiliate or district where it plays the highest percentage of its home games. Any exception must be approved by the affiliate/district in which the team normally would be registered and by the affiliates/districts which comprise the region (as defined under Section IX: District Playoffs and National Championships) in which the team will be registered. This determination will be based on the roster of the current season and/or playing schedule. The regular season shall be September 1 through August 31. New members or those members who register on or after April 1 of any calendar year are eligible for participation from the date of their registration through August 31 of the following calendar year.

C. *National Championship-Bound Teams*

A player may not register on more than one team that participates in games leading towards a national championship except for High School Varsity and/or Prep School divisions, who may also play on a Youth or Girls'/Women's national championship-bound team. Player changes to the official team roster form (1-T) for youth Tier I and Tier II teams and

girls'/women's (except Women's A) national **championship-bound** teams will not be accepted after December 31. Refer to Rules and Regulations **Section IX: District Playoffs and National Championships**, for additional requirements for national **championship-bound** teams.

In the event a player is registered on more than one team that participates in games leading towards a national championship, the appropriate registrar shall have the final authority to certify the eligibility of any such player solely on the basis of the date on which the effective date of the earliest team roster registration form, as provided above, is received.

Girls may dual roster on a youth and **girls'** team if the affiliate rules permit dual registration for females. Dual-rostered females playing on youth and girls'/women's teams may continue playing on both teams until the end of the regular season. However, the player must declare in writing to her appropriate registrar, or his/her designee, by December 31 **on which national championship-bound** team she wishes to be eligible to advance to the district, state, regional and national championship. If the player does not indicate **on** which team she wishes to be eligible for district, state, regional and national tournaments, the appropriate registrar shall have the final authority to certify the eligibility of any such player solely on the basis of the date of the earliest team roster registration form, as provided above, is received.

Except for players playing in Tier I or Tier II Junior hockey pursuant to the **Youth/Junior Affiliated Player Policy**, any youth player (male or female) rostered on a Tier I or Tier II youth or girls'/women's team and a Junior Program team as of December 31, can only play for one team after December 31. Except for players playing in Tier I or Tier II Junior hockey pursuant to the **Youth/Junior Affiliate Player Policy**, if the player plays in a Junior game after December 31, he/she loses all eligibility on his/her youth or **girls'/women's** team for the remainder of the season, regardless of how many games are played at the Junior level. Disputes regarding this rule should be resolved by the appropriate registrar.

When the referee application has been approved and is received with the appropriate fees in the USA Hockey national office, the referee record will be created and/or updated in the USA Hockey database. All coaches must have the required certification level by January 1 of the current season.

- (a) All coaches must enter USA Hockey's Coaching Education Program at Level 1, and must continue their education with a coaching clinic each year until, at a minimum, they achieve Level 3. **EXCEPTION:** Coaches of 8U or younger players may remain at Level 1 or their current level. A coach may attend only one (1) certification clinic per year (not including age-specific requirements). Coaches who do not coach in continuous years must re-enter the program at the next level when they resume coaching responsibilities. Once Level 3 is achieved, periodic renewal [as outlined in Paragraph (c) below] is required for coaches who have not achieved Level 4. Coaches of national tournament bound teams (Tier I 14U, 16U and 18/19U and Tier II 16U and 18/19U) must complete Level 4 in their fourth season of coaching. Coaches who attain Level 4 certification are not required to attend

any further certification clinics but must adhere to the age-specific requirement as outlined in Paragraph (b) below.

- (b) In addition to the training in paragraph (a) above, coaches must also complete online age-specific training modules specific to the level of play they are coaching, if they have not already taken that module. This requirement applies to all coaches at all levels, 1 through 5. Coaches may complete more than one age-specific module in any given season.
- (c) Coaching certification at Level 3 is valid for two (2) seasons, as indicated by the expiration date.

A coach whose Level 3 is due to expire must take the online Level 3 Recertification Track 1 curriculum or they may move up to Level 4. Level 3 Track 1 Recertification is valid for two (2) seasons.

A coach whose Track 1 Level 3 recertification is due to expire must take the online Level 3 Recertification Track 2 curriculum or move up to Level 4. Level 3 Track 2 Recertification is valid for two (2) seasons.

Coaches whose Track 2 Level 3 Recertification is due to expire must attend a Level 4 clinic prior to the expiration of their Level 3 Recertification.

Coaches must complete the online recertification program in order to recertify their Level 3 certifications. Attending a clinic or workshop is no longer valid for recertifying any certification level.

(d) Grandfather Clause

For coaches who enrolled in the Coaching Education Program prior to May 1, 2011, their entry into the above program will be at their current certification level. Level 1 and 2 coaches must adhere to paragraphs (a) and (b) above, effective May 1, 2011. Current Level 3 coaches must adhere to paragraph (b) and (c) above; effective with the season their Level 3 expires.

This chart outlines the progression for a new coach. Coaches with pre-existing certifications will enter the new program at their current certification level and must adhere to paragraphs 1. (a) and (b) above.

It is the responsibility of the local association to identify those coaches who do not meet the certification requirements. All coaches have until December 31 of the current season to attend a USA Hockey coaching clinic and complete the online age-specific playing level module to become properly certified.

Prior to the start of all games throughout the season all coaches are required to indicate their current certification status on the scoresheet,

regardless of their certification level. All coaches (except for juniors) must legibly print their USA Hockey Coaching Education Program (CEP) card number, their CEP level (levels 1-5), their online age-specific playing level module and the year their CEP level was attained.

Beginning January 1 of the current season, prior to the start of each game, all coaches present are required to sign the designated area of the scoresheet in order to verify the accuracy of the playing roster, as it appears on the scoresheet, for that game.

(3) **Penalty and Enforcement**

All coaches must have current certification and online component verification beginning January 1 of the current playing season. Any coach not in possession of these requirements will be ineligible to coach for the remainder of the season. Districts and/or affiliates are required to uphold this penalty. It will be the responsibility of the local association registering the team to enforce the national policy.

VI. TEAM MANAGER

It is recommended that Youth and Girls'/Women's registered ice hockey teams have a manager. All Youth and Girls'/Women's national championship bound teams are required to have a team manager. Exceptions can be granted with the approval of the appropriate council.

(1) Selecting A Host – Nationals

Application to host a national championship shall be submitted on the official application form with the accompanying fee to the appropriate registrar, who in turn shall forward it to the USA Hockey Youth Council staff liaison, by May 15. The host must agree to all of the rules and regulations of the national championships. This fee is non-refundable to hosts who are awarded championships.

(2) Outside Web Facilitators – Nationals

All hosts are required to provide the necessary on-site web support to upload game results/statistics immediately following the conclusion of each game.

USA Hockey owns and uses the “Official National Championship Tournament Tool” scoring system, which all host locations are required to use exclusively to post live scores, statistics, game information and standings from each game of the tournament. No other scoring system or data publication system may be used during this event, regardless of any other rink arrangements. Host will not permit any such information to be displayed on any websites other than usahockey.com without the expressed prior written consent of the national championship director and USA Hockey.

(3) District/National Requirements

- (a) A sufficient amount of ice time shall be provided to comply with the regulations which permit a maximum number of games per day per team.
- (b) Accommodations for each team shall be arranged for at a first-class facility at the best possible rate. Unless otherwise requested by the teams, these accommodations shall be enough to house twenty-five (25) people per team with two to a room. They shall make certain that there are adequate food facilities open during the hours that will be needed by the teams. The expense is the responsibility of each team. At the national championship, all team members and staff that require hotel reservations are required to stay in the host hotel(s). There will be financial penalties for teams that do not stay in the host hotel(s). The penalty will be the full price of the rooms for the entire tournament. The involved district will be responsible to collect the monies and forward them to the Youth Council chair.
- (c) No transportation will be provided by the host. The host will provide teams with a list of agencies where rental vehicles may be obtained.
- (d) There shall be in attendance at all games a certified athletic trainer, emergency medical technician (EMT), paramedic, registered nurse or medical or osteopathic physician and any additional persons who have successfully completed and maintained certification for programs conducted by the American Red Cross or the American Heart Association, specifically AFA (advanced first aid), CPR (cardiopulmonary resuscitation) and BLS (basic life support). The host shall be responsible for making any additional arrangements for medical care beyond emergency treatment at the arena, the cost of which shall be the responsibility of the player's team or parents.

- (f) The host, pursuant to USA Hockey guidelines, shall provide one room (where appropriate) for the lodging of the USA Hockey tournament director.
- (g) For every twelve teams participating in national championships, the host will pay USA Hockey a flat fee of \$4,000. This assumes there will be a hospitality room at the rink site(s) which game officials would be eligible to use at no cost. Thus a host with forty-eight teams participating in the national tournament would pay four fees. For national tournaments with fewer than twelve teams or grouping not divisible by twelve, the flat fee would be \$160 per game. Upon paying the flat fee, the host has no further responsibility with respect to officiating. The officiating program will take control of game fees, hotel accommodations, transportation to the event site(s), shuttle service between hotel and rink site(s) and per diem expenses. This applies to all youth and girls'/women's national championships.

O. Method of Determining Champion

(1) Tournament Format

No exceptions to the following formats will be permitted, except as may be specifically approved by the Youth Council.

(a) Districts

All district tournament formats and schedules must be approved by the national championship director no less than fourteen (14) days prior to the tournament.

(b) Nationals

- (1) National championship schedule and format will be determined annually based on the number of teams participating. The format will be submitted by the national championship director for approval by the Youth Council at its annual fall meeting.
- (2) If there are twelve teams in an age division, two six team conferences, divided into two divisions of three teams will be established. Each team will play a game against each team of the other division within its conference. After the preliminary round games have been played, the teams in each conference will be ranked based on points accumulated in the first round. The top four teams, in both conferences, will advance to the quarter-final round.
- (3) Girls'/Women's – If there are twelve teams in a division, each team will play a game against each team of the other division within its conference. After the first round games have been played, the teams in each conference will be ranked based on points accumulated in the first round. The top four teams, in both conferences, will advance to the quarter-final round.

(2) Overtime for Nationals (Recommended for Districts)

(a) Youth, Girls'/Women's and High School Varsity and/or Prep School Preliminary-Round Games

1. All Games Played to a Winner:

If the game is tied following regulation play, one five-minute sudden death overtime period shall be played. At the completion of the third period, the tied teams shall receive a three-minute rest period. The teams will remain on the ice. The teams will not change ends. If the score is tied at the end of the five-minute sudden death overtime period, there shall be a shootout. The winner of the shootout will be credited with one additional goal in the final score. **If no goal is scored in the overtime period, there will be a shootout.**

a. Shootout

The shootout will be conducted as follows:

- A shootout is defined as a player attempting to score a goal and the opposing goalkeeper attempting to stop the shooter from scoring the goal.
- The referee shall call the two captains to the referee's crease to flip a coin to determine which

team takes the first shot. The winner of the coin toss will have the choice whether his/her team will shoot first or second.

- All goalkeepers and all players from both teams listed on the official game sheet shall be eligible to participate in the shootout.
- Any player whose penalty had not been completed when the overtime period ended or who receives a penalty during a shootout procedure is not eligible to be one of the players selected to participate in any portion of the shootout procedure(s).
- The shootout procedure shall begin with five different individual shooters from each team taking alternate shots. The players do not need to be named beforehand.
- The goalkeepers from each team may be changed after each shot.
- The players of both teams will take the shots alternately until a decisive goal is scored. The remaining shots will not be taken.
- If after the shootout, the shootout score is still tied, there will be a sudden death shootout.

b. Sudden Death Shootout

The sudden death shootout will be conducted as follows:

- A sudden death shootout is defined as each team attempting a shot. Should one team be successful and the other team not, the successful team shall win the shootout.
- Teams will select their shooters to participate in sudden death shootout, whether or not they shot in the previous round.
- All goalkeepers and all players from both teams listed on the official game sheet shall be eligible to participate in the shootout.
- Any player whose penalty had not been completed when the overtime period ended or who receives a penalty during a shootout procedure is not eligible to be one of the players selected to participate in any portion of the shootout procedure(s).
- Players in a sudden death shootout shall not be allowed to take another shot until four additional shooters have completed their attempts.
- The goalkeepers from each team may be changed after each shot.
- The official scorekeeper shall record all shots taken indicating the players, goalkeepers and goals scored.

(b) Quarter-Final, Semi-Final and Final Games

1. The game shall be continued to determine a winner.
2. At the completion of the third period, there shall be a **three (3)** minute rest period before the start of the first overtime session.
3. All overtimes shall be ten (10) minutes in length and sudden death. Teams shall not switch ends throughout overtime periods, therefore teams will play in the same end from which they played during the third period until a winner is determined.
4. At the completion of the first overtime, if the teams are still tied, the teams shall leave the ice and the ice shall be resurfaced. A second overtime period shall begin immediately following the ice resurfacing.
5. Following the second overtime, there shall be a **three (3)** minute rest period prior to the start of the third overtime session.
6. If the teams remain tied at the completion of the third overtime period, the teams shall leave the ice and the ice shall be resurfaced.
7. Thereafter, the foregoing process in items 1-6 shall be repeated until such time as a winner is determined by the competition.

(3) Process to Determine Quarter-Finalists, Semi-Finalists and/or Finalists

The following applies for a twelve team format. For information on six, eight or ten team tournament formats and tie-breaking procedures, contact the national championship director.

Twelve Team Format

Each team will play a game against each member of the other division within its conference (M(2)(b)). The top four teams, in both conferences, accumulating the most game points will advance to the second round.

- (a) During the youth and girls'/women's preliminary rounds, each team will be awarded three points for a win in regulation, two points for a win in overtime or shootout, one point for a loss in overtime or shootout and zero points for a loss in regulation.

Youth, Girls'/Women's and High School Varsity and/or Prep School

Win Regulation	3 Points
Win Following Tie	2 Points
Loss Following Tie	1 Points
Loss Regulation	0 Points

- (b) After the preliminary round games have been played, the teams in each conference will be ranked based on points accumulated in the first round. The top four teams, in both conferences, will advance to the quarter-final round with the following pairings:

American 1	vs	National 4
National 1	vs	American 4
American 2	vs	National 3
National 2	vs	American 3

The first- and second-place teams in the American and National conferences will be the home team for all quarter-final games.

- (c) The semi-final round will consist of the following pairings:
- | | | |
|--------------|----|--------------|
| Winner A1/N4 | vs | Winner N2/A3 |
| Winner N1/A4 | vs | Winner A2/N3 |

The home team for each semi-final game shall be the team that was seeded the highest prior to the quarter-final games (i.e., A3 would be the home team if A3 vs. N4).

- (d) The winners will play for the national championship. The tournament director will determine the home team by the toss of a coin.
- (e) **YOUTH, GIRLS'/WOMEN'S AND HIGH SCHOOL VARSITY AND/OR PREP SCHOOL – Tie Breaking Rules to Determine Standings Position**

If two or more teams have an equal number of points, their position in the standings shall be determined by the following tie-breaking format. If one tie-breaker establishes a position for one or more teams, each team is placed in the applicable position. Once a team is placed, the remaining tied teams shall start the tie-breaking process over again at step 1. *(If all tied teams have not played each other, then proceed to step 2. Note: a team may go into the tiebreaking process having defeated another of the tied teams and still not advance).*

The tie-breaker formulas are as follows:

1. The results of the head-to-head games played between the tied teams in the following order:
 - a. Standings — Most points.
 - b. Most **total** wins.
 - c. Differential — Subtracting goals scored against from goals scored in these games, the positions being determined in order of the greatest surplus.
 - d. Quotient — Dividing the goals scored in these games by the goals scored against, the positions being determined in order of the greatest quotient. A quotient involving dividing by zero (0) has higher standing than a quotient from dividing by any number other than zero. Where two or more teams have no goals against and the quotient tie-breaker is required, the teams shall be ranked high to low in descending order of “goals for.”

2. If after applying the formulas of 1 a, b, c or d the tie still exists, the results of all the games played by the teams tied in the following order.
 - a. Most total wins.
 - b. Differential — Subtracting goals scored against from goals scored in these games, the positions being determined in order of the greatest surplus.
 - c. Quotient — Dividing the goals scored in these games by the goals scored against, the positions being determined in order of the greatest quotient. A quotient involving dividing by zero (0) has higher standing than a quotient from dividing by any number other than zero. Where two or more teams have no goals against and the quotient tie-breaker is required, the teams shall be ranked high to low in descending order of “goals for.”
 - d. Most periods won — In the games played by each tied team, points will be awarded for each regulation period won (2 points) and for each regulation period tied (1 point). Positions shall be in the order of highest point total.
 - e. Quickest first goal — The team that scored the quickest goal in their preliminary round games shall be ranked highest.
3. If the above procedure does not break the tie, the teams shall use a shootout procedure as previously described.

Note: Forfeits - If a team forfeits any of its games, and becomes involved in any tie-breaking formula to determine its eligibility to advance to the next level of play, the team forfeits all games in the round robin play and the games are recorded as 1-0 victories for the non-offending team.

P. Credential Requirements of Teams for Districts and Nationals

- (1) The district registrar or his/her designee shall verify each team's eligibility for district and national championships.

- (4) **Player Movement**
 - (a) **Loans**

The loaning of a registered player is not permitted.
 - (b) **Trades**

Trading of rostered players between junior teams by agreement is encouraged. Where the transfer of a rostered player is not agreed to by both teams, strict compliance with the Compensation Policy shall be required before the player shall be eligible to participate in any on-ice activity.
- (5) **Players Requiring Releases, Transfers, Immigration Forms, Etc.**
 - (a) Any player who requires a team release, International Ice Hockey Federation transfer, U.S. immigration forms, etc., shall be ineligible to participate in any USA Hockey-sanctioned game until the required documentation has been submitted to and approved by USA Hockey. All submissions shall be in writing, clearly legible, and shall include the names, phone numbers, fax numbers, addresses, etc., as may be necessary to enable verification (see USA Hockey Guidelines for Processing IIHF and Canadian Player Transfers).
 - (b) **International Transfers**

All transfers of junior players to or from foreign federations must be approved by the USA Hockey junior registrar and the Hockey Operations Department of USA Hockey. The transfer fee for player transfers to USA Hockey from a federation outside North America shall be established annually and will include the processing fee charged by the foreign federation. The fee must be paid before USA Hockey will commence the transfer process. All IIHF transfers expire June 30 of the current playing season.
 - (c) **Canadian Transfers**

All transfers of junior players to or from the Canadian federation must be approved by the USA Hockey junior registrar and the Hockey Operations Department of USA Hockey. The transfer fee for player transfers to or from Canada, shall be established annually and will include the processing fee charges by the foreign federation. The fee must be paid before USA Hockey will commence the transfer process. For further provisions regarding the transfer process, see Rules & Regulations XII: Hockey Canada.

(6) Final Protected List

In order to be eligible for placement on a team's player protected list, the following information must be submitted:

- (a) Player's name;
- (b) Player's date of birth;
- (c) Last team for whom the player played games, including the team placing the player on its protected list;
- (d) Player's position; and
- (e) Player's citizenship information.

Any player that is not properly rostered with the USA Hockey Junior Registry, as required above, shall be deemed ineligible for game competition in a USA Hockey-sanctioned game. No additions/deletions to a team's protected list will be accepted within the USA Hockey Junior Registry after February 10, until the earlier of (i) completion of the national championship (the day after the completion of the tournament) of the classification of the team which the player seeks to play for, or (ii) May 15. Each team desiring protection under the compensation/rostering policies of USA Hockey shall submit the names of all currently rostered veteran players. A veteran player is a player who was properly rostered on February 10, and eligible to participate in the national championship for that team.

(7) Tampering/Compensation Protection

The protection provided by the USA Hockey Junior Tampering and Compensation Policies shall be available to teams properly registered with USA Hockey and then only for properly rostered and eligible players.

(8) Suspension of Players

A player may be suspended by their team, league or association with just cause, and thereby be prohibited from registration with any USA Hockey team, provided notification and the reason for the suspension is filed with the USA Hockey Vice President and Chair of the Junior Council. The player has the right of appeal and review of the suspension before the Junior Council of USA Hockey. The decision of the Junior Council shall be final on the player's appeal, subject to appeal as provided in Bylaw 10.E(1)(f). Hockey Canada, in accordance with the agreement between USA Hockey and Hockey Canada, will honor this suspension.

Refusal to re-register with a previous team is not sufficient grounds for suspension.

(9) Players Turning Pro

The last USA Hockey team with which a player is registered before turning professional loses its rights to the player completely. When the player is reinstated to amateur status, he/she is free to register with any amateur team.

C. **Junior Age Players and Citizenship**

Commencing with the 2012-13 playing season and each season thereafter, the Junior age group shall only include participants who are at least 16 years of age and no older than 20 years of age as of December 31 of the current playing season. Junior teams/leagues are to be divided into Tier I, Tier II, Tier III Junior Leagues, and Junior Independent Teams and provisional for any of the above classifications. Notwithstanding the above age limitations, players who are 15-years-old as of the 31st day of December of the current playing season may apply in writing to play Junior Hockey by submission of a petition from a league submitted to the USA Hockey Junior staff liaison with copies to the USA Hockey Junior Council Chair and Youth Council Chair, which petition shall be in conformity with current Junior tryout and selection rules and regulations and which shall include the record of achievement of the player and the physical attributes of the player. The application must be approved or denied by a majority vote of a committee comprised of the USA Hockey Junior Council chair (or his/her designee), the USA Hockey Youth Council chair (or his/her designee), and the USA Hockey Junior Council Staff liaison, along with the assistance and input of the senior staff of the hockey department at USA Hockey, which decision shall be final and not subject to appeal. No 15-year-old player may participate in any game of a Junior team unless and until a petition has been approved in conformance with this paragraph.

In this age group only U.S. citizens are eligible to participate in the National Player Development Program. In all the Junior age classifications, each USA Hockey member junior team may include up to two (2) non-U.S. citizens on its current Protected List. Tier I member teams may add one (1) additional veteran, non-citizen player from its Protected List for the previous season. Adding non-citizens to a USA Hockey-member Junior team's Protected List is subject to adherence to all IIHF/Canada player release and transfer policies. Each and every non-U.S. citizen shall count against the limit imposed herein.

All non-U.S. citizen junior players must provide the following documentation:

(1) **Release**

A release from the players home team/association authorizing the player to compete for the USA Hockey member team; and

(2) **IIHF/Canadian Transfer**

A fully paid IIHF/Canadian required transfer from the player's home federation accepted by USA Hockey as provided by the USA Hockey Guidelines for Processing IIHF and Canadian Player Transfers.

D. **Junior Calendar**

The following policy shall apply to and govern all USA Hockey registered junior teams, including, those based geographically within the United States but competing in non-USA Hockey sanctioned leagues. Unless otherwise agreed as provided in written affiliation agreements between teams of different levels of classifications that are on file at the USA Hockey national office and/or by the Affiliated Player Policy, the following calendar of significant dates shall govern and control movement of players during the calendar year.

(1) Season Start

The USA Hockey Junior Calendar shall commence with the “start of the season.” That phrase, “start of the season,” shall mean and be defined as “beginning immediately upon the completion of the final game (regular season, play-off, national championship) for the team on whose USA Hockey protected list the player last properly appeared during the immediately preceding season.” Any unauthorized contact before the “start of the season,” including a tryout camp/invitation shall be considered tampering and subject the offender to disciplinary action as provided herein. No player tuition agreement or Tier III commitment to play form, executed by any player/parent prior to the “start of the season,” shall be valid or enforceable by the signing team, its league, or by USA Hockey.

(2) Early Season Team Identification, Evaluation, Selection and/or Development Camps

No early season team identification, evaluation, selection and/or development camps may be held by any USA Hockey member team until after the completion of the national championship for that team’s classification or the completion of the Tier I and Tier II Youth National Championships, whichever comes later. Any solicitation/invitation directed to any particular player whose current season has not yet ended and whose upcoming season has not yet started, as defined above, shall be considered tampering and shall subject the offending team to disciplinary action pursuant to the USA Hockey Tampering Policy. Posting on a team/league website of camp information, placing posters in area rinks, or announcement ads in area hockey publications shall not be considered to be directed to a particular player.

(3) Free Agency

That from and after the “start of the season” for an individual player, that player shall be a free agent, eligible for recruitment and direct contact by any team, including the one on whose roster the player currently appears. “Free agency status” shall continue from the start of the season until the earlier of (a) October 1, or, (b) the first regular season game played after September 1 in which a player competes for a team on whose protected list he properly appears. During this period, no national tampering charges shall be brought or processed. Leagues may enforce tampering charges within their own league membership, only.

(4) June 1 – Veteran List

That, on or before June 1 of each year, a report from the USA Hockey Junior Registry will be compiled listing the players appearing on a protected list as of the previous February 10 protected list that are age eligible to return to junior hockey for the next season. If the players on this list played in ten (10) or more league games, these players shall be eligible for draft/signing distribution and compensation from other IIHF-member federations.

(5) Season Start – September 1

As drafts are made, training camps conducted, and/or additions/drops are made to a team’s protected list, they must be processed through the USA Hockey Junior Registry. These transactions will remain in

confidential status, unless authorized by a league or team to provide that information to other leagues/teams. Every junior team must claim the players' confirmation numbers using the USA Hockey Junior Registry by May 15 for all players signed before that date. This player must be put onto the team's protected list using the team's Junior Registry. Players signed after May 15 must have player confirmation number transmitted through the USA Hockey Junior Registry within five (5) days of the signing. This player must then be put on the team's protected list.

(6) August 1 – Tier III Reserve List

Any Tier III league, which desires to control, within their league only, the movement of more than the number of players properly protected with USA Hockey, may allow its member teams to protect up to five (5) additional, previously rostered, tendered, or drafted, non-protected players by the filing of a reserve list with the USA Hockey national office on or before 11:59 p.m. Mountain time on August 1 of the current season. Any league member team who fails to timely file its reserve list shall forfeit its right to maintain such a list. The USA Hockey national office shall publish the reserve list of each team on or before September 1 of the current season. Each league member team who files a reserve list shall reduce the list by one player on October 1; one player on November 1; and one player on December 1 of the current playing season. The reserve list shall expire on February 10 of the current playing season. No additions or substitutions to the reserve list shall be allowed.

Any team seeking a player on another team's reserve list for play during the current season, shall serve on the team on whose reserve list the player currently appears, a written claim which shall be forwarded by electronic or regular mail. The reserving team shall have a period of five (5) days from the date of the electronic claim, or the receipt of the mailed claim, in which to activate or trade the claimed player to another team's USA Hockey protected list. If not activated, or traded, the player shall be moved to the claiming team's protected list at the end of the five (5) day period.

(7) September 1 – Publication

The USA Hockey national office shall publish the September 1 initial protected list for all junior teams, send it to all junior teams and post it on usahockey.com.

Further, on or before September 1 of each season, each league shall have on its website their complete league, exhibition and tournament schedule for the upcoming season. All non-league games must be sanctioned and approved by the USA Hockey national office. Each sanctioned league must submit a list of team members and the date of the first league game for each team to the USA Hockey national office by September 1. Teams should also submit any games that are added to their schedule during the season to the USA Hockey national office and publish the results of those games. Only games that are published and reported to the USA Hockey national office shall count in the calculation of any tuition adjustment.

There shall be no compensation paid or owed for any player who moves to a new and/or different team between the completion of the last game of the team for who he was rostered during the previous season and his appearance in the first regular season game for the team on whose protected list he appears for the succeeding season.

(8) September 1 - February 10 – In-Season Movement

Following October 1, or the player's participation in the first regular-season league game for a team, whichever shall first occur, there shall be no movement of any player from that team to another without a properly executed USA Hockey trade form (found on the USA Hockey web site) between the two teams, filed with the USA Hockey national office or within the USA Hockey Junior Registry. This trade will be approved within the USA Hockey Junior Registry and then the necessary player movements will be made using the teams' Junior Registry. Any player who is dropped by any team, at any time, shall immediately become a free agent and while he may be subsequently protected by two or more teams, the ownership of his playing rights shall become the property of the team for whom he first competes in a regular-season game, while on that team's protected list. Affiliation agreements between teams, including those between multiple teams at multiple levels of junior classifications, are to be encouraged and movement of players pursuant to those agreements, is not prohibited due to the foregoing rules regarding player movement.

(9) December 31 – Youth Ineligibility Resulting From Junior Play After December 31

Any and all players rostered on a youth classification team bound for a youth national championship shall become ineligible for further youth classification competition for the remainder of the current season if the player competes for a junior team in a junior game after December 31 of that playing season.

(10) January 15 – Trades and Drops of Non-American Players Between Junior Teams

Movement of non-American players between junior teams, including international transfers and player consents if required, and/or drops of any non-citizen players, must be fully completed on or before 11:59 p.m. Mountain time on January 15 of each season.

(11) February 6 – Movement of U.S. Citizen Players Between USA Hockey Member Teams

All movement of U.S. citizen players by trade between USA Hockey member Tier I, Tier II, and Tier III teams must be completed on or before 11:59 p.m. Mountain time on February 6 of each season.

(12) February 6/8 - Drops of U.S. Citizen Players by USA Hockey Member Teams

(a) All Tier I drops of U.S. citizen players must be completed by 11:59 p.m. Mountain time on February 6 of each season.

- (b) All Tier II drops of U.S. citizen players must be completed on or before 11:59 p.m. Mountain time on February 8 of each succeeding season.

(13) February 10 – All Protected Lists Frozen for Balance of Season

All protected lists shall be frozen at 11:59 p.m. Mountain time on February 10 of each season. The frozen protected list shall continue until the team on whose protected list the player appears shall have completed its final regular-season, playoff, regional or national championship game.

E. Player Rights, Rules and Responsibilities

Prior to any Junior team and player entering into any agreement binding the player to the team, the team shall provide the player and player's parents with a copy of this Section E, Player Rights, Rules and Responsibilities.

(1) Player Agreements

(a) Agreement Effective Date

No agreement for the succeeding season with or regarding any player shall be valid until the date on which recruitment for the coming season is authorized by USA Hockey, Inc., per the terms of the current USA Hockey Annual Guide or the decision of the Junior Council of USA Hockey.

(b) Agreements with Minors

No agreement with any player under the age of eighteen (18) is valid without parental endorsement and/or written consent.

(c) Excess Tuition Invalidates the Agreement

No agreement with or regarding any player shall be valid if the tuition provided for therein is in excess of that set forth in the current USA Hockey Annual Guide or the amount approved by the USA Hockey Junior Council for that team's league, and/or the tuition received by that team from the player, or from any source on the player's behalf, is in excess of the approved amount.

(d) Invalidity of Restrictions During Free Agency Period

During the period of "free agency," any attempt by any team to prevent or restrict any player from trying out for any other team outside the team's own league shall be invalid. In addition, such attempted prevention or restriction, whether oral or in writing, shall subject the offending team to disciplinary action upon establishment of the violation.

(2) Team Individual Player Scholarships Prohibited

No team scholarships/financial discounts shall be allowed to any individual player based upon his skill and ability or game performances, without that individual player performing meaningful, productive work in exchange therefore off the ice and away from team competition. (See NCAA Division I Manual, By Law Article XII – Amateurism, Section 12.1-General Regulations, Sub Section 12.1.1 - Amateur Status (a)).

(3) Academic Deferral of Player Movement

A player, who is a student, may veto the timing of any trade or movement to another team until it is academically advisable, as determined by the player, his family, and his academic advisor from the school that he is currently attending.

(4) Complete Service of Existing Suspensions Required

No player who is under a disciplinary suspension by his current league or team, unrelated to the player's departure, may not move to another USA Hockey member team and compete for that team, until such time as the suspension has been fully served.

(5) Adjustment of Financial Obligations Upon Departure**(a) Written Notice**

The party initiating the separation between the team and the player, whether that be the team by trade, drop, etc. or the player by quit, departure, etc., shall give notice to the other, in writing of their decision. The date of the notice shall be considered to be the date of the action, unless delivery has been unreasonably delayed, (beyond three days), by the conduct of the forwarding party. In the event of such unreasonable delay, the date of receipt, minus three days, shall be considered the effective date of the notice.

(b) Refund of Equipment/Apparel Deposit

Upon prompt (within ten (10) days written notice of departure) delivery of all team-owned equipment, uniforms, provided apparel, etc., in serviceable condition, ordinary wear and tear excepted, a previously protected player shall be entitled to a full refund of any deposit paid to the team for such purposes. Failure to promptly return the team-owned equipment, uniforms, provided apparel, etc., shall result in the forfeiture by the player of his deposit paid for that purpose.

(c) Adjustment of Billet Fees

Upon payment by the player to the billet family for any expenses, (e.g., phone bills, internet charges, repairs or maintenance necessitated by the player's use, damage done by the player during occupancy, etc.), over and above room and board, incurred while the player is residing with the family, and a fair apportionment of the final month's billet fee, the player shall be released from any further obligation to the billet family.

(d) Adjustment of Tuition

Any player who fails to satisfy his reasonable financial obligations to their billet family or the team on whose protected list he currently appears, may be suspended until such time as those financial obligations shall have been fully paid and mutual releases executed. Any player who is being transferred to another USA Hockey member team, dropped by a USA Hockey member team, or leaves a USA Hockey member team, without tampering involved, shall be entitled to a refund applying the following refund schedule of any tuition monies paid in advance for any portion of the season

which remains after his departure. The general rule to be applied to determine the reasonable amount of the tuition refund due the player or, in the alternative, the amount of tuition yet due the team shall be as follows:

1. Player Action (without tampering)

a. From Date of Signing to October 31

From the tuition for the full season, an amount up to 50% thereof shall be refunded (deducting for recruitment and related expenses).

b. From November 1 to December 31

From the tuition for the full season, an amount up to 30% thereof shall be refunded.

c. From January 1 to End of Team's League Season

From the tuition for the full season, there shall be no refund due.

A player cannot be traded or dropped if the calculation results in a tuition payment due from the player plus any additional obligations owed to the team and/or his billet family.

2. Player Action (with tampering)

If the departing player violated the USA Hockey Tampering Policy, the player shall forfeit any refund that may be due or pay any amounts due in addition to a penalty in an additional amount equal to the calculated amount of tuition due.

3. Team Action

If the separation between the player and the team is initiated by the team's action (e.g. trades, drops, etc.) without tampering being involved, the player shall be entitled to the entire calculated refund or reduction in tuition due (the amount calculated under 1. above), less any obligations owed to the team and/or his billet family upon the execution of a mutual release with the team to memorialize the settlement.

4. Cutoff Deadline – January 1

Any player movement initiated by the player after January 1 of the playing season shall result in a forfeiture of any refund claim unless the team is able to secure a paying replacement for the player before the February 10 deadline. Any player dropped, cut, traded or moved to inactive status by a team after January 1 shall be entitled to a full refund of a pro-rata portion of the season's tuition as a condition of the team's action.

(e) Mutual Release

Upon the final adjustment of the pro-rated portions due the respective parties, each shall join in a mutual and reciprocal release in which the dispute, if any, is fully and finally resolved and the parties are respectively released from any and all claims, to date.

(6) Disputes/Disciplinary Action**(a) Disputes Regarding Player Rights, Rules and Responsibilities**

In the event of a dispute between a player and a team or team official related to the Player Rights, Rules and Responsibilities, the player or the team may request by written notice to the other that the dispute be resolved pursuant to a hearing under Bylaw 10.C. conducted by the league in which the team plays. Any determination made at such hearing shall be subject to appeal to the Junior Council per Bylaw 10.E.(1)(f).

(b) Against the Player

Following a hearing held by the league in which the team plays, which hearing shall be held in accordance with Bylaw 10.C., and shall be subject to appeal to the Junior Council, a player that fails or refuses to comply with the contents of this policy, in any respect, may be disciplined or suspended from further competition/participation in any and all programs under the jurisdiction of USA Hockey.

(c) Against the Team/League

Following a hearing held by the league in which the team plays, which hearing shall be held in accordance with Bylaw 10.C., and shall be subject to appeal to the Junior Council, any team/league that fails or refuses to comply with the contents of this policy, in any respect, may be placed upon probation, suspended, and/or penalized financially.

F. Regulations Governing Player Movement at All Junior Levels**(1) Additions/Deletions From a Team's Protected List**

Players added/deleted must be completed by each team using its USA Hockey Junior Registry. Players may be moved between teams by filing an official USA Hockey Trade Form with the USA Hockey national office or within the USA Hockey Junior Registry. This trade must be approved within the USA Hockey Junior Registry and then player movements will be entered into the Junior Registry. Players traded are immediately eligible to compete. However, no junior player can compete for more than one (1) junior team on any calendar day. Further, only one (1) delete/add change for any player will be accepted by the USA Hockey Junior Registry on any calendar day. Players deleted may not be added to another Junior team's protected list until one (1) day after notice of the delete has been approved by the USA Hockey Junior Registry. Players who have been deleted may be added by more than one (1) other team, depending upon league rules. The deleted player shall be properly rostered on only one team following the date on which he plays in a regular season game for a team on whose protected list he appears. When this occurs, the USA Hockey Junior Registry shall delete the dual rostered player's name from all other team rosters.

(2) Proper Rostering

Subject to the payment of compensation, as hereinafter provided, "proper rostering" occurs when a player is properly registered with the USA Hockey Junior Registry; properly rostered on a team's protected

list; and plays in a regular-season game for the team on whose protected list he appears, after September 1.

(3) Procedure for Tier I

The following dates with respect to player movement are established for Tier I:

(a) Tier I End of Season to Proper Rostering

All veteran players (players who played in ten (10) or more league games) who have remaining junior eligibility and were included on the February 10 protected list of the team, shall be included on and comprise the protected list for the next season. There will be unrestricted player movement from the end of the national championships until proper rostering or September 15 of the next playing season, whichever shall first occur. This movement shall, however, be subject to payment of compensation, as hereinafter provided. The season start date for all junior teams is May 1. Any player who attends a tryout camp for the next season will be required to be registered with USA Hockey online. This registration must be sent to USA Hockey by the team using its Junior Registry by May 15 or within five days of the completion of any tryout camp whichever is later. There will be no date for protected list submission. Publication date will remain September 1.

(b) From Proper Rostering to February 6

From proper rostering to February 6, only "consensual" movement or trade between registered teams in the certified league(s) will be allowed. "Consensual" player movement is described as movement which is agreed to by both teams involved. Before a non-tendered player who is being moved from one team's protected list to another is eligible to compete for the new team, an official USA Hockey trade form must be completed, signed by both teams, and forwarded to the USA Hockey national office by fax or electronic transmission or submitted through the USA Hockey Junior Registry. When this trade has been approved, the teams will receive an email after which the player movement will be entered into the USA Hockey Junior Registry.

(c) February 10

From February 10 to the end of the Tier I season the rosters will be frozen. No player movement is allowed.

(4) Procedure for Tier II and Tier III

With respect to player movement, the following dates are established for Tier II and Tier III.

(a) Post National Championship Protected list

All veteran players (players who played in ten (10) or more league games during the previous season) who have remaining Junior eligibility and were included on the February 10 protected list of the team, shall be included on this protected list which will be the June 1 protected list required in the USA Hockey/Hockey Canada

transfer agreement. There will be unrestricted player movement from the end of the national championships until proper rostering or September 15 of the next playing season, whichever shall first occur. This movement shall, however, be subject to payment of compensation, as hereinafter provided. This protected list is just used to determine the team that would sign the player release for any veteran players going to Hockey Canada for next season.

(b) Initial Protected list

The season start date for all junior teams is May 1. Any player who attends a tryout camp for the next season will be required to be registered with USA Hockey online. This registration must be sent to USA Hockey using the team's Junior Registry by May 15 or within five days of the completion of any tryout camp whichever is later. After May 15, any player that signs a commitment-to-play form (Tier III) or signs a team contract, must be added to the team's protected list immediately. Players signed before May 15 must be added on May 15 or before. There will be no date for protected list submission. Publication date will remain September 1.

(c) From Proper Rostering/September 15 to February 8

From proper rostering, or September 15, whichever shall last occur, to February 8, only "consensual" player movement between registered teams in certified leagues will be allowed. "Consensual" player movement is described as movement which is agreed to by both teams involved. Before a protected list player who is being moved from one team's protected list to another is eligible to compete for the new team, an official USA Hockey trade form must be completed, signed by both teams, and forwarded to the USA Hockey national office by fax or electronic transmission or submitted through the USA Hockey Junior Registry. When this trade has been approved the teams will receive an email after which the player movement will be entered into the USA Hockey Junior Registry. Before a non-protected list player is eligible to compete for any team, the team must send in a drop/add using the team's Junior Registry. All player movements must be approved by USA Hockey before a player can play for his new team. A traded player shall be immediately eligible to compete upon the filing of the USA Hockey trade form. A player deleted by a team shall be ineligible to compete for a period of twenty-four (24) hours from and after the official drop is approved within the USA Hockey Junior Registry.

(d) From February 9 to February 10

From February 9 to February 10, no player movement will be allowed of any domestic or junior players to or among any U.S. junior teams in the same classification or below. Teams may still add junior-aged players who were not rostered on any junior team on February 8 of the same classification or below. (For example, Tier II to Tier II or Tier III to Tier III – prohibited; Tier II to Tier III permitted). A player deleted by a team shall be ineligible for a

period of twenty-four (24) hours after the official USA Hockey drop is approved within the USA Hockey Junior Registry.

(e) From February 11 to end of National Championships

The protected list of each junior team shall be frozen throughout the remainder of the season. The final protected list/active protected list of each junior team shall include no more than twenty-five (25) players.

(5) Emergency Goaltender

From and after the commencement of the regular-season league competition, member teams whose goaltender suffers a disabling injury/sickness may apply for an emergency replacement goaltender for use for a period of up to fifteen (15) days from date of discovery of the disabling event. The emergency replacement goaltender may not play in a game unless the remaining goalie is unable to participate due to disability or suspension. After February 10th the period of use may be for the duration of the disability up to the remainder of the season. However, if the disability continues past the fifteen (15) day period, then the replacement shall be eligible for use as a regularly rostered goaltender. The application for permission to use an emergency goaltender shall be first submitted to the team's league commissioner and subject to USA Hockey approval.

G. Tampering Policy

USA Hockey recognizes the following competing principles:

- The right of the amateur player, and his/her family to self-determination regarding the player's competitive future;
- The benefit of balanced competition within a league structure, as determined by that league;
- The need for protection from in-season, inter-league protected list-raiding and the resultant disruption to the player(s)/team(s) involved as well as the entire junior program of USA Hockey.

To assist in the orderly resolution of these competing interests, the following USA Hockey Tampering Policy is adopted.

(1) Non-Recognition/Ineligibility

Neither USA Hockey, nor any USA Hockey sanctioned/registered league(s) or team(s), shall recognize the active participation by any player for or on behalf of any junior team, (including the NTDP) or the results achieved by that team during that player's participation, where the participation of that player is established, following a hearing and a determination under paragraph (5) below, to be the result of tampering, as defined herein.

(2) Tampering Defined

"Tampering," as that term is used herein, shall mean the unauthorized contact (e.g. phone, in person, fax, correspondence, internet chat room, email, etc.), by a team representative (e.g. owner, manager, coach, scout, trainer, clerical person, public relations people, marketing people,

and/or any other person compensated by the team on a salary or commission basis) directly or indirectly, (by themselves, or through another acting on their behalf) with a properly rostered member of another junior team after September 15 or the first league game played by the player for his/her team, whichever shall last occur until the conclusion of the player's team's current season.

(3) **Permission**

A team may avoid tampering by securing written permission, in advance of any contact with a player, from the team on whose active protected list the player currently appears. Dual-rostered players, may, however, be contacted by any team on whose active protected list the player properly appears.

(4) **Complaints**

Complaints regarding any alleged violation of this policy shall be forwarded to the USA Hockey Vice President and Junior Council chair within five (5) days following the discovery of the tampering. If not timely filed, the right to file shall be deemed waived. The complaining team shall file its complaint on an official USA Hockey junior complaint form, which shall be provided for that purpose. The completed form shall contain the following information:

- (a) The player's name, current address, and current phone number;
- (b) That player's parents' names, current address, and current phone number;
- (c) A brief resume of the facts to the extent known by the complaining team;
- (d) The name, address and phone number of the team and team representative who allegedly committed the tampering violation.

(5) **Investigation and Decision**

An investigation shall be conducted into the allegations contained in the complaint. The investigator shall be appointed by the USA Hockey Vice President and Junior Council chair from the membership of the Junior Council. The investigator may make inquiries of the player, the player's parents, the coaches or team representatives of the junior team(s) involved and may also request that certain business records, including telephonic, fax and/or internet records be produced from any witness, including the player, the player's parents, the teams, and/or any team representative. DIRECTORY

PRESIDENT

Ron DeGregorio

Ron DeGregorio's leadership is a major reason why USA Hockey has evolved into arguably the lead-

ing hockey federation in the world today.

From championing the USA Hockey SafeSport Program in 2012 to helping fuel national support for passage of the organization's Progressive Checking Skill Development Program in 2011, DeGregorio's commitment to advancing the sport is on-going.

His ingenuity is evident throughout the organization, but perhaps nothing as visible as USA Hockey's National Team Development Program. A lightning rod for criticism in the U.S. when it was established in 1996, the NTDP has evolved into a revered program and has significantly influenced U.S. success in international competition.

DeGregorio, who continues to play hockey today, was elected president of USA Hockey on June 14, 2003, and unanimously re-elected to his fourth term on June 10, 2012.

His first appointment with USA Hockey came in 1973 when he was named registrar for the New England District. As registrar, DeGregorio oversaw the reorganization of the district into several smaller, more manageable affiliates. He was also the first registrar to appoint associate registrars, which helped increase USA Hockey's efficiency and visibility at the local level.

DeGregorio was first elected to the USA Hockey Board of Directors in 1975 and was the organization's first vice president of youth hockey. In the 1980s, he served as treasurer of USA Hockey. In 1995, he was elected as a vice president and the international council chairper-

son, positions he held until being named president.

He has represented the USA at countless events during his tenure with USA Hockey. His first official role came as team leader of Team East at the 1979 United States Olympic Festival, from which the 1980 "Miracle On Ice" U.S. Olympic Ice Hockey Team was chosen.

DeGregorio also served as team leader for the 1994 U.S. Olympic Ice Hockey Team that competed in Lillehammer, Norway. DeGregorio has represented the USA at the 1998, 2002, 2006 and 2010 Olympic Winter Games and at numerous International Ice Hockey Federation World Junior Championships, IIHF Men's World Championships and IIHF Women's World Championships. He has also been a member of the United States delegation at IIHF meetings and conferences as international council chairperson.

The former Middlebury (Vt.) College goaltender is known throughout Massachusetts as the originator of the "Mini One-on-One," a youth hockey competition that is broadcast through the Boston Bruins' television network. DeGregorio was distinguished with the National Hockey League's Lester Patrick Trophy in 2002 in recognition of his outstanding service to ice hockey in the United States.

DeGregorio served on the Board of Directors of the United States Olympic Committee's Pan-American and Olympic Captive Insurance Program and was also involved in professional hockey as one of three principal owners of the former American Hockey League Kentucky Thoroughblades.

DeGregorio is president of the PenFacs Group, an investment and insurance firm specializing in the design, administration and funding of executive benefit plans. He has four grown children and three grandchildren and resides in Salem, N.H., with his wife Susan.

**EXECUTIVE
DIRECTOR**

Dave Ogreaan

It would be hard to find a more accomplished executive in the Olympic family than Dave Ogreaan.

A Connecticut native, Ogreaan returned to USA Hockey as executive director on Aug. 1, 2005, after previously holding the same position from 1993-99. Ogreaan began his career in the sports industry with the organization (then the Amateur Hockey Association of the United States) as its director of public relations in 1978.

Under his leadership since 2005, USA Hockey created a new department for membership development that has helped in the resurgence of growth in youth hockey in the U.S., including attracting more than 100,000 players in the eight-and-under age category for the first time in the organization's history in 2010-11; gained rights to host IIHF World Championships at all levels; began an annual nationwide celebration called Hockey Weekend Across America; focused efforts on raising the profile of the USA Hockey Foundation; led efforts that resulted in USA Hockey taking responsibility for the selection process and induction event associated with the U.S. Hockey Hall of Fame; and guided the development of the USA Hockey SafeSport Program to continue and enhance the organization's leadership role among amateur sports entities in providing a safe environment for all involved in the game.

Among his many accomplishments during his first term as executive director, Ogreaan oversaw a significant increase in membership and revenue, and the construction of the current national headquarters; helped launch the National Team Development Program; was a driving force in establishing the Patty Kazmaier Memorial Award, presented annually to the top player in women's college ice hockey; and developed the concept of STAR (Serving the American Rinks) with U.S. Figure Skating.

Before returning to Colorado Springs, Ogreaan served as executive director of USA Football from 2002-05. He was recruited by the National Football League and NFL Players' Association to build a new, independent, non-profit organization to support and promote the sport of amateur football at all levels.

Prior to joining USA Football, Ogreaan served as president and CEO of the Colorado Springs Sports Corporation where he led the development and creation of the Colorado Springs Sports Hall of Fame and the Rocky Mountain State Games.

From 1999-2000, Ogreaan worked for the United States Olympic Committee as deputy executive director of marketing. While there, he led the USOC team that, together with the Salt Lake Organizing Committee, generated almost \$200 million.

Previously, Ogreaan served the USOC from 1990-93 as director of broadcasting. He was responsible for creating the initial broadcast division and generated over \$12 million in revenue as well as unprecedented exposure for the national governing bodies of Olympic sports.

From 1980-88, Ogreaan worked at ESPN in corporate communications and programming, before joining the College Football Association as assistant executive director for television.

Ogreaan received his Bachelor of Arts degree in English from the University of Connecticut (1974) and his master's degree in film from Boston University (1978).

Listed among *The Sporting News'* Top 100 Most Powerful People in Sports from 1993-99, Ogreaan is currently among *The Hockey News'* Top 50 People of Power and Influence. He is a member of the U.S. Olympic Committee Board of Directors, El Pomar Foundation Pikes Peak Regional Council, the nominating committee for the U.S. Olympic Hall of Fame, the board of directors for the Colorado Springs World Arena, and served on the United States Olympic Committee CEO Search Committee in 2009.

Dave and his wife Maryellen have three grown children: son Matt, and daughters Tracy and Dana.

CHAIRMAN OF THE BOARD

Walter L. Bush, Jr.

One of the most recognized and respected leaders in hockey, Walter L. Bush, Jr., is the

chairman of the board for USA Hockey, a position he has held since June 2003.

Bush has served as a member of the organization's Board of Directors since 1959 and became president of USA Hockey in June 1986, following Wm. Thayer Tutt and Tom Lockhart. He served in the capacity for 17 years before taking his current position as chairman of the board. In recognition of his 45th year of service to USA Hockey, the organization dedicated its national headquarters as The Walter L. Bush, Jr. Center in June of 1999.

Bush retired as a member of the International Ice Hockey Federation Council in May 2008 after a 23-year stint, the last 14 years as a vice president of the organization. Bush served on numerous committees within the IIHF, including as chair of the IIHF Women's Ice Hockey Committee, the IIHF Inline Hockey Committee and the Selection Committee for the IIHF Hall of Fame from its inception. As chairman of the IIHF Women's Ice Hockey Committee, Bush was instrumental in organizing the first IIHF Women's World Championship. He also led the successful charge that made women's ice hockey a medal sport in the Olympic Winter Games beginning in 1998 in Nagano, Japan. Bush has been involved in hockey as a player, coach, manager, administrator and team owner. His hockey background includes having played at the high school, college and senior levels. His senior team won three Minnesota state championships and, from there, Bush became involved in team

management. He managed the 1959 U.S. National Team at the IIHF World Championship, and, in 1964, he served as general manager of the 1964 Olympic Men's Ice Hockey Team.

Bush was named special assistant to U.S. Olympic Committee President Bill Hybl for the U.S. Delegation at the 1998 Olympic Winter Games in Nagano, Japan.

Bush was president of the Minnesota Amateur Hockey Association for three years and was owner and president of the minor league Minneapolis Bruins from 1963-65.

He later led a group of businessmen in securing a National Hockey League franchise - the Minnesota North Stars - for the Twin Cities area. He served as the North Stars' first president from 1967-76 and later became chairman of the board. Bush spent 17 years in the NHL working with a variety of committees. Afterward, he was active in professional hockey as a principal owner of the American Hockey League Kentucky Thoroughblades.

Bush received the Olympic Order from the International Olympic Committee, the highest honor in the Olympic movement.

Bush was elected to the IIHF Hall of Fame in 2009 and the Hockey Hall of Fame in 2000. He received the NHL's Lester Patrick Award in 1973 in recognition of his outstanding service to ice hockey in the United States. He was enshrined in the United States Hockey Hall of Fame in 1980 and, in 1989, was elected to the Minnesota Sports Hall of Fame. He currently serves as a governor for the Hockey Hall of Fame in Toronto.

Bush, who was honored with the U.S. Olympic Foundation's inaugural George M. Steinbrenner III Sport Leadership Award in 2006, resides in Naples, Fla., with his wife, Sis. He has a daughter, Anne Hanson, and two sons, Walter III and Steven.

USA HOCKEY BOB O'CONNOR INTERNATIONAL RESOURCE CENTER

Featuring the Bob O'Connor Collection

The USA Hockey Bob O'Connor International Resource Center, located in USA Hockey's national headquarters in Colorado Springs, Colo., is the proud home of the vast collection of Bob O'Connor.

O'Connor, who served as USA Hockey's Coach-in-Chief from 1994-2006 and is one of the game's legendary figures, grew up in Rhode Island, before moving to Minnesota after marrying his wife, Alice.

His lifetime has been consumed by hockey and to fuel his knowledge of the sport, he has collected everything he could find about hockey, from books and magazines to videos and paintings.

Not only did O'Connor's collection outgrow the basement of his home, but he also yearned to share the material with others passionate about the sport he cares so deeply about. Enter the USA Hockey Bob O'Connor International Resource Center.

With the addition of O'Connor's material, the Center contains nearly 2,200 books, more than 700 videos and some 85 pieces of artwork.

It's a hockey information utopia. There are materials covering topics from anatomy and sports medicine to conditioning and the history of hockey. There are drill books for various age levels and books on Russian hockey basics and Czech defensive strategies. And that's just a small taste of the depth of material available.

The USA Hockey Bob O'Connor International Resource Center is available to visit by appointment.
